# Highlights

# Specifications

## Swappable teats

Grow teats mimics the feel of mum's breast and is compatible with all Grow bottle sizes. It is part of our range of teats that cover baby's whole feeding journey - letting you steadily increase flow rate as your child gets older.\*

## 3 sizes

We have bottle sizes for all ages and appetites, partnering baby through every stage of development. Compatible with all Grow teats, so you can swap as needed depending on the flow rate you require. Bottles available in 150 ml / 4 oz, 260 ml / 9 oz and 330 ml / 11 oz.

## Easy to use

Few parts so you can clean, sterilize and assemble easily, with wide-neck for drip-free, spill-free filling

## Anti-colic design

Innovative design diverts air away from your baby's stomach and reduces discomfort.

## BPA free

The Philips Avent Grow bottles and teats are made of BPA-free material.
