- 100% cotton top layer
- 3D textile for enhanced steam flow and faster ironing
- Special coated felt layer with 3D textile for a dry cover

PHILIPS

Highlights

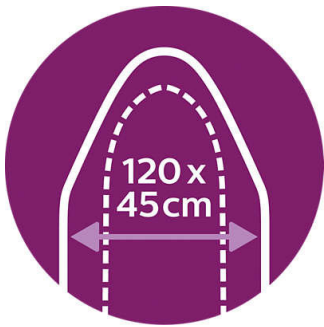

100% cotton top layer

100% cotton

100% pure cotton layer provides an ideal surface for ironing with premium gliding and longer durability.

Perfect for Easy8 board

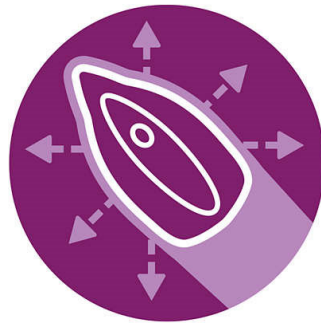

The board cover is specially designed to be used with the Easy8 board. It also fits ironing boards with size 120x45 cm.

including ShoulderWings

Two replacement covers for the ShoulderWings are also included in the pack complete with the easy-fit fastener.

Wider steam distribution

The PerfectFlow layer gives 10% wider steam distribution for faster ironing

3D Textile Technology

The new 3D textile layer enables the steam to flow inside the board cover thanks to the porous structure. This prolongs the contact of steam with the garments. And by simply using the steam more efficiently, the perfect ironing results are achieved even faster

Ideal for steam generators

This replacement board cover is suitable for Philips steam generators

Ironing with 78% less noise

Ironing experience is more convenient with the ironing board cover that gives more silent ironing with 78% less noise reduction in sound power versus multilayer board cover

Special felt layer

The special construction of this board cover makes sure that no condensation occurs even after 2 hours of ironing with a pressurized steam generator. The special coated felt layer will keep all condensation inside and will not let any wet spots to form on the board cover or on the floor. All the condensed water remaining in the cover will simply evaporate within 24 hours thanks to the special breathable 3D textile.

Easy-fit fastener system

The board cover comes with a easy-fit fastener system which keeps it tightly adjusted to the ironing board.
