Cleaner and more refreshed skin

BubbleClean micro-nano bubble technology

By harnessing the power of nature, the BubbleClean technology divides air into micro-nano size bubbles and mixes them with the water efficiently, creating milky-white micro-bubble water, which penetrates and deep cleanses the skin pores.

Deep skin cleansing performance

- Cleaner and more refreshed skin
- No chemicals added
- Filter mesh reduces impurities from the tap water

Worry-free Installation

- 3-step easy installation with the kit included

Ultra convenience

- Easily switch between micro bubble water and tap water
- 360° swivel spout
- Every recharge lasts for up to 4 weeks

PHILIPS

Specifications

General specifications

- Applicable inlet water: Municipal tap water
- Inlet water temperature: 5-45? °C
- Water-proof: IPX5
- Water output modes: Micro-bubble water, stream tap water, and spray tap water
- Water hose length: 0.7m
- Battery charge time: 4-6 hours
- Type C cable: Included
- Charger type: Compatible with 5V/2A. Not included.
- Inlet water pressure: 0.1-0.4MPa

Highlights

BubbleClean micro-nano bubble technology

With the BubbleClean technology, air is divided into micro-nano size bubbles and mix with the water, so that every liter of water is enriched with millions of ultra-fine bubbles as tiny as 200 m*. The milky-white micro-bubble water penetrates the skin pores, and absorbs dirt, oil, and impurities, providing a deep cleansing performance.

Harness the power of nature

Harness the power of nature by combing water with air. No chemicals were added.

Cleaner water assured

304 stainless steel mesh effectively reduces particles and impurities from the tap water.

Tool-free installation

3-step easy installation with the kit included. A small footprint with a diameter of 10.5cm fits in your basin counter easily. The spout can be adjusted vertically as wide as 80 for different dispensing heights.

Easily switch between micro bubble water and tap w

Easily switch between micro bubble water and tap water with one hand.

Swivel spout

The swivel spout can be turned 360 horizontally for flexibility.

Battery-powered

Battery-powered so no need to plug in. Every recharge lasts for up to 4 weeks.**
