Beard trimmer

Beardtrimmer series
3000

0.5mm precision settings

Titanium-coated Blades

90 min cordless use/1h charge

Lift & Trim system

BT3232/15

Fast and precise trim for easy styling

Self-sharpening titanium blades

This trimmer with the innovative Lift & Trim system lifts and captures more lowlying hairs for efficient, even trimming results. This way you will easily achieve the 3-day stubble, short beard or long beard look you want.

Easy to use

- Longer lasting battery
- Simple maintenance
- Easy to grip
- Store and go
- Cordless use for up to 90 mins
- Lights indicate when battery is low, empty, full or charging
- Adjusts to different length settings

Easy even trimming

- Trims evenly and captures low-lying hairs
- Skin-friendly blades for smooth skin
- Extra sharp blades for an extra sharp result

Built to last

- Warranty for purchase protection

Highlights

Lift & Trim system

Perfect for stubble, the Philips beard trimmer features our new Lift & Trim system: a comb that lifts and guides the hairs to the level of the blades for an even trim.

Titanium blades

Designed to stay as sharp and effective as on day 1, the self-sharpening, titanium-coated steel blades deliver a protective trim, time after time.

DuraPower technology

This beard trimmer uses DuraPower technology to reduce friction on the blades, preserve the motor, and keep your battery going four times longer.

Skin-friendly blades

Designed to prevent scratches and irritation, the blades have rounded tips for smoother skin contact.

Precision Dial - 20 settings

An effective beard trimmer that cuts to the exact length you're after. Just spin the zoom wheel to one of 20 length settings between 0.5 and 10mm in 0.5mm increments.

90 min corded/cordless use

Don't get tangled up in your stubble trimmer – a 1 hour charge provides up to 90 minutes of cordless grooming time. Or keep it plugged in for uninterrupted trimming. The 5 minute quick charge function gives you enough power for one trim.

Battery indicators

The battery indicators in this trimmer let you know what your battery status is: Low, empty, charging or full. This way, you can charge your trimmer on time and fully, so you won't end up with an empty battery in the middle of your trim.

Easy to clean

Detach the head of your Philips beard trimmer and rinse it under the tap for easy cleaning. Then dry it before you put it back on the appliance.

Ergonomic design

A fast trimmer that's comfortable to hold and use. So you can handle those hard-to-reach areas more easily.

Specifications
