- Mains power: 20V/2.25A adapter

## Accessories

- Included Accessories: AC power adapter, Quick start guide (x1)

## Miscellaneous

- On-Screen Display Languages: English, Simplified Chinese
- Regulatory approvals: CE, CB, UL, FCC
- Warranty: 3 year warranty

## Internal Player

- CPU: Rockchip PX30S
- Memory: 2GB DDR4
- Storage: 16GB EMMC

## Dimensions

- Set dimensions (W x H x D):  
598.6 x 350.2 x 37.5 mm
- Bezel width: 18.6/18.6/18.6/22mm
- Wall Mount: 100x100mm VESA mount
- Product weight: 2.7 kg

# Highlights

## Powered by Android

Android-powered Philips professional displays are flexible and secure, optimised for native Android apps and the easy installation of web apps and software directly on the display. All controlled via an Internet connection.

## Easy content loading

Displaying 60,000 colours, including blue, for clear and confident messaging, and with 16GB internal memory, with no need for an external media player. Plug into a power source to upload new static content for instant play via USB, LAN or WiFi connections.

## PPDS Wave-ready

Your PPDS Wave-ready display enables you to manage and maintain this device remotely, securely switching out content wherever you are, whenever you choose. This evolutionary cloud platform puts you fully in control, with simplified installation and set-up, monitoring and controlling displays, upgrading firmware, managing playlists and setting power schedules. Saving you time, energy and environmental impact.

## Low to no power consumption

Perfect for environments without close access to power. Philips Tableaux can be positioned and repositioned, displaying colourful static content in the same way as paper posters, requiring super low power only when loading new content.

## Technology for the future

Developing technology for your sustainable future – power free, waste free colourful paper poster replacements.
