PHILIPS

Highlights

Keystrokes for durability

Keys last millions of keystrokes for durability

Stylish design

The design is adjusted to be the most suitable for ergonomics after rounds of user surveys, and also takes into account stylish, slim appearance, and space saving.

Super responsive keys

Super responsive keys feel great and offer great performance

2.4G wireless connection

Keep the computer wires at bay. For any keyboard/mouse equipped with this feature, you can connect the accessory to any PC via a speedy 2.4Hz wireless
connection. The simple setup process, along with the accessory's sleek design, is sure to leave your workspace looking clean and wire-free.
multi-media shortcuts

With these multi-media shortcuts, you can easily switch to music, volume, or video play by a simple click.

Intelligent power saving

With the intelligent power saving function, this keyboard can go into standby and therefore save power when not in use.

Laser engraved keys

Laser-engraved keys look great, are easy to read and last longer. A premium choice.
