

Philips EasySpeed
Steam iron

Steam 35g/min; 110g steam boost

Ceramic soleplate
Safety Auto off + Anti-calc
2200 Watts

GC2046/20

Fast, from start to finish

3 ways to speed up your ironing

The EasySpeed iron speeds up your ironing thanks to: triple precision tip, even heat distribution across the soleplate and continuous steam.

Comfortable ironing

- Iron switches off automatically when left unattended
- Drip-stop system keeps your garments spotless while ironing
- Triple precision tip for optimal control and visibility
- Even steam distribution for efficient ironing
- A fine spray evenly moistens the fabric

Longer lifetime

- Calc clean slider to easily remove scale out of your iron

Easily removes creases

- 110-g steam boost to remove stubborn creases easily
- Continuous steam output up to 35 g/min
- Ceramic soleplate for better gliding performance
- Vertical steam for crease removal in hanging fabrics
- Power up to 2200 W enabling constant high steam output

PHILIPS

Highlights

Power up to 2200 W

Power up to 2200 W enables constant high steam output.

Ceramic soleplate

Ceramic soleplate is scratch-resistant, glides well and is easy to clean.

Automatic shut-off

The iron shuts off automatically when left unattended. If it is left on its heelrest it will switch off in 8 minutes. When left on the soleplate or on the side, it only takes 30 seconds before the iron shuts off.

Steam boost up to 110 g

The iron's 110 g steam boost enables you to easily remove even the most stubborn creases.

Vertical steam

This Philips iron has a vertical steam function, for crease removal in hanging fabrics.

Drip-stop system

Drip-Stop system lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

Steam output up to 35 g/min

Continuous steam output of up to 35 g/min gives you the perfect amount of steam to efficiently remove all creases.

Calc clean slider

This steam iron can be operated with normal tap water, and the calc clean slider makes it easy to remove any built-up scale from your iron. To maintain the performance of your Philips steam iron, you should use this scale clean function once a month when using normal tap water.

Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek nose design. The triple precision tip enables you to reach even the most tricky areas, e.g. around the buttons or between the pleats.
