PHILIPS

Highlights

Steam ready in 2 minutes

Steam is ready to use in 2min and can be refilled at anytime during ironing.

1.5 L detachable water tank

The watertank can be removed to be refilled easily under the tap. The large filling hole makes the refilling fast. Thanks to the 1.5 L watertank capacity, you can iron up to 2 hours continuously without any refills.

Easy De-Calc

Ultra long lasting steam performance: Philips' exclusive Easy De-Calc function provides the

ideal way to get rid of limescale and extend the lifetime of your steam generator iron. Your iron will remind you with light and sound when to perform cleaning. Only when your appliance is cold, simply open the Easy De-Calc knob, and collect the dirty water and scale in a cup.

New SteamGlide soleplate

New SteamGlide soleplate is the best Philips soleplate. It has great scratch resistancy, glides excellent and is easy to clean.

OptimalTEMP technology

Now you can iron from jeans to silk with no temperature setting required. Guaranteed no burn on all ironable fabrics. Revolutionary technology with the 1) Advanced Smart Control Processor which controls precisely the soleplate temperature. You do not need to adjust temperature 2) Powerful Cyclonic steam chamber which delivers powerful consistent steam, making ironing easier and faster.

Safe rest

The Philips innovative OptimalTEMP technology guarantees no burn on all ironable fabrics. During ironing, no need to put your iron back to the base station, just leave the hot iron soleplate directly on the garments or cotton ironing board cover without additional resting accessory. It will not damage any of your ironable garments, neither the board. This makes your ironing easier with less wrist efforts.

Safety carry lock

Your steam generator iron comes with a safety carry lock. You can lock your iron safely on the base, making it safer, reducing the risk of people touching the hot soleplate. You can also carry the steam generator easily.
