## Better sound for all your entertainment

Whatever you love to watch or play, love it more! This great-looking, low-profile soundbar gives you clearer voices and better-sounding effects. Sophisticated audio technology creates an immersive sound experience no matter what you watch.

### Easy control, all the connections

- Connect your favorite sources for bigger sound
- Bluetooth 5.3 with LE Audio support
- Control your soundbar and TV with a single remote
- HDMI ARC, optical connection, AUX-in, USB
- Philips Home Entertainment app

### Immersive sound for everything you love

- Dolby Digital Plus. Cinematic sound at home
- DTS Virtual:X for immersive 3D sound in any room
- Four EQ sound modes and dialogue enhancement

### Philips essential soundbar

- 2.0 channels. 120 W max
- Looks great, and it's easy to place
- Simply better TV sound

# Highlights

## Simply better TV sound

This soundbar's 2.0 channels and immersive audio technology bring new levels of sound to everything you love. Four EQ modes let you pick a sound style to suit what you're watching, and you can make voices clearer in any mode by activating Dialogue Enhancement.

## DTS Virtual:X

Compatibility with DTS Virtual:X transforms your TV sound, bringing you a virtual 3D sound experience no matter what's on screen! You don't need extra speakers, and it works in any room: turn it on via the soundbar's remote control, or the Philips Home Entertainment app.

## Dolby Digital Plus

Enjoy a front-row seat to all the dramas you watch and play. This Dolby Digital Plus-compatible soundbar gives you a surround-sound experience without the need for extra speakers. You'll hear, and feel, the difference.

## Easy placement

This sleek soundbar looks great in any room. Got your TV on the wall? You can also wall-mount this soundbar using the detachable brackets (included).

## HDMI ARC and Philips EasyLINK

You can adjust the volume on your soundbar using your TV remote. If you have a Philips Ambilight TV, the EasyLINK function lets you use the remote to switch between the soundbar's preset EQ modes, adjust bass and treble—and more.

## Easy connections

Compatibility with Bluetooth LE Audio gives you a steadier connection, better sound, and less lag if you're streaming playlists from a smart device that is also compatible with Bluetooth LE Audio. You can also connect audio sources to the soundbar via audio-in, USB, or optical input.

## Philips Home Entertainment app

Download the app and you can use your smart device to switch between the EQ sound modes, select source, activate virtual surround sound, and more.
