- Optimise your shaving routine every time
- Click-on body comb (3 mm)
- Charge anytime, anywhere
- Fully waterproof
- 60 min Li-Ion battery
- Blade that doesn't fade easily

Comfortable shave

- Shave it off
- Unique OneBlade Technology
- Innovative 360 Blade

Sharp edges

- Edge it up
- Dual-sided blade: designed for precision and control

Even trim

Highlights

Unique OneBlade Technology

Philips OneBlade has revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual-protection system—a glide coating combined with rounded tips—makes shaving easier and more comfortable. Its shaving technology features a fast-moving cutter (12000 x per min) so it's efficient - even on longer hairs.

Innovative 360 Blade

The innovative 360 Blade can flex in all directions to adjust to the curves of your face. The design enables constant skin contact and control. Easily trim and shave hard-to-reach areas — with just a few strokes and great comfort.

Trim away

Unique open comb design for an efficient trim without clogging and interrupting your routine - even on long and thick hair.

Edge it up

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

Shave it off

OneBlade does not shave as close as a traditional blade - so your skin stays comfortable. Go against the grain and easily shave off any length of hair on your face or body. Includes two blades - one for face and one for body.

Personalised experience

The free Philips Daily Care app is your ticket to styling and performance. Try on facial hair styles using augmented reality and get step-by-step guidance that includes a handy live beard-line previewer. Know when to switch up a blade or charge up the battery. And get personalised recommendations based on your actual grooming routine.

Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Click-on skin guard

Attach the skin guard for an extra layer of protection on sensitive areas.

Click-on body comb

Attach the body comb (3 mm) for an easy trim in any direction.

USB-A charging

Can be charged at home or on the road, perfect for your daily routine and for travel.
