BT3239/15

Fast and precise trim for easy styling

Self-sharpening metal blades

This trimmer with the innovative Lift and Trim system lifts and captures more low-lying hairs for efficient, even trimming results. This way, you will easily achieve the 3-day stubble, short beard or long beard look you want.

Easy to use

- 90 min cordless use
- Easy to grip
- Simple maintenance
- Lights indicate when battery is low, empty, full or charging
- Adjusts to different length settings

Even trimming results

- Self-sharpening blades for zero maintenance
- The precise beard trimmer for perfect edges

Easy even trimming

- Trims evenly and captures low-lying hairs
- Skin-friendly blades for smooth skin

Built to last

- Warranty for purchase protection

Highlights

Lift & Trim system

Perfect for stubble, the Philips beard trimmer features our new Lift & Trim system, featuring a comb that lifts and guides the hairs to the level of the blades for an even trim.

Self-sharpening metal blades

Suitable for even the thickest hair, the double-sharpened blades guarantee precision edges and superior trimming every time. No oil or replacement blades required.

Skin-friendly blades

Designed to prevent scratches and irritation, the blades have rounded tips for smoother skin contact.

Precision Dial - 20 settings

An effective beard trimmer that cuts to the exact length you're after. Just spin the zoom wheel to one of 20 length settings between 0.5 and 10 mm in 0.5 mm increments.

Precision trimmer

Add extra definition to the details, even in hard to reach areas, with the click-on precision trimmer.

Battery indicators

The battery indicators in this trimmer let you know what your battery status is: Low, empty, charging or full. This way, you can fully charge your trimmer on time, so you won't end up with an empty battery in the middle of your trim.

90 min cordless use

A powerful lithium-ion battery provides up to 90 minutes of cordless grooming time with just a 1 hour charge. The 5 minute quick-charge function gives you enough power for one trim.

Easy to clean

Detach the head of your Philips beard trimmer and rinse it under the tap for easy cleaning. Then dry it before you put it back on the appliance.

Ergonomic design

A fast trimmer that's comfortable to hold and use. So you can handle those hard-to-reach areas more easily.
