- CMND & Check-in. Personalize every experience
- SmartPlug Xpress interface
- Pro:Idiom™ decryption supported - both for RF and IPTV (FTG)

Cost-effective with reliable support

- 3 years warranty

PHILIPS

Highlights

Chromecast built-in

Enable instant, secure wireless casting of movies, presentations, and more from smart devices (mobiles, laptops, tablets) in up to 4K resolution. Chromecast is cost-effective, requires no extra hardware, and is secure for professional use. Users simply tap the Chromecast icon on their smart device to start streaming content from thousands of cast-enabled apps-their smart device becomes the remote.

3 years warranty (no extension)

This product is offered with 3 years professional warranty.

Instant Initial Cloning

Provides the ability to easily copy all programming and channel programming settings from one TV into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Google Play Store access

Full access to the entire Google Play Store makes it easy to add apps, games, music, movies, and more to your Philips Professional

Display. New business tools and extra entertainment options are added to the catalogue daily, ensuring that you always have access to the latest global trends.

AppControl

Take full, centralized control of the apps installed on your Philips Professional TVs. AppControl lets you install, delete, and manage apps on selected TVs or your entire network. Giving you the ability to offer personalized experiences to your guests and customers-no matter how many TVs you are managing.

Hygienic Remote Control

The choice of anti-microbial material combined with a cavity-free design, makes the hygienic remote control easy cleanable and free from germs.

CMND & Control

Run your display network over a local LAN connection. CMND & Control allows you to perform vital functions like updating software and settings, as well as monitoring display status. Whether you're in charge of one display

or more, CMND & Control makes managing your fleet easy.

CMND & Create.

CMND & Create is a powerful authoring tool for creating compelling content. With its drag and drop interface, preloaded templates and integrated widgets, you'll be amazing customers with your content and information in no time.

CMND & Check-in

Make your guests feel welcome. CMND & Check-in lets you use individual information - such as name and language spoken - to create a personalized experience.

SmartPlug Xpress

compatible with major premium entertainment services. The protocol enables the TV connection with external decoders, set-top boxes and PC based solutions.

Pro:Idiom™

Pro:Idiom™ decryption supported - both for RF and IPTV (FTG)
