# Highlights

## PowerCut Blades

27 self-sharpening blades consistently cut each hair right above skin level for a smooth, even finish every time. Our self-sharpening blades stay like new for 2 years.

## Wet and dry shaving

Choose a convenient dry shave, or pair with your favourite foam or gel for a refreshing wet shave, even in the shower.

## 4D Flex Heads

Floating heads flex in four directions to maintain even contact with your skin, protecting it from nicks and cuts.

## Anti-Corrosion Shaving System

Our shaver blades are made from surgical-grade hypoallergenic steel to resist corrosion, prevent impurities and protect your skin.

## Pop-up trimmer

Refine and define your moustache and sideburns to complete your look with the pop-up trimmer.

## One-touch open

The shaver head flips open at the touch of a button so you can rinse it clean under running water.

## 40 minutes of cordless shaving (1h)

In just an hour, the durable NiMH battery is fully charged for about 13 shaves. In a hurry? A 5 minute quick charge gives you enough power for one shave.

## Ergonomic grip

Never lose your grip. The ergonomic handle with rubber stays secure and comfortable, even when wet.

## Battery indicator

Don't get caught with an empty battery. The battery indicator lets you know if the battery is low, empty or charging.
