Highlights

A whiter smile in just 7 days

We've taken our same superior formulas and redesigned them to fit the needs of every patient. Whether they want a gentle treatment or maximum shades fast, we've got a custom-fit solution for them. With a customisable option for every smile and superior formulas developed to minimise sensitivity and improve whitening lustre

Experiencing sensitivity?

For ongoing take-home sensitivity treatment, recommend replacing existing toothpaste with a toothpaste containing 5% potassium nitrate and use twice daily. If additional sensitivity relief is needed, Relief ACP should be used before each whitening treatment.
