Highlights

Anti-theft for batteries

Batteries can be locked with a screw so they cannot be taken out by the guests.

Digital functionality

In general there is a move towards more digital systems for TVs, therefore our Remote control already has buttons for digital TV.

Easy to clean

Functional stylish design instead of high gloss which means that you won't see fingerprints on the product.

Low battery detection

A message will appear on screen when the battery is almost empty. Battery can be changed in time by hotel staff. No hassle or irritation for your guests.

Modern design

Stylish design in line with our Philips 2008-2009 Hospitality TVs.

Hospitality Remote Control

This stylish remote control is especially designed for hospitality usage. For an easy-to-use experience for the guest, the most important buttons and functions are conveniently placed on the remote. In addition, most Hospitality remote controls come with an anti-theft battery provision, a feature that contributes to efficient hotel operations.
