- Offline channel editor. Easily manage channels on a PC
- S2 satellite tuner on board

Cost-effective standalone solution
- HDMI-CEC to control external devices
- Low power consumption
- USB auto playback. Music, movies, and more

PHILIPS

Highlights

DVB-T/C/S channels
One integrated channel list for digital (T/C/S) and analogue channels. This allows the guest to flick seamlessly between Analogue and Digital (T/C/S) channels.

Instant initial USB cloning.
Provides the ability to easily copy all programming and channel programming settings from one TV into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Control locking
By disabling or enabling the local control locking, the administrator can prevent unauthorised use of the TV via the control buttons, saving the hotelier overheads.

USB auto playback.
Share the fun. Connect your USB memory-stick, digital camera, mp3 player or other multimedia device to the USB port on your TV to enjoy photos, videos and music with the easy to use onscreen content browser.

Low power consumption
Philips TVs are designed to minimise power consumption. This will not only reduce environmental impact but also lower operating costs.
