Highlights

5.1 surround sound

Be at the heart of the movie and gaming experience and totally immerse yourself in sound.

Dynamic bass boost

Innovative technology delivers unbelievably deep, rich bass from compact speakers. Dynamic bass boost emphasizes the bass content of the music throughout the range of volume settings from low to high – at the touch of a button!

Bass with level control

Unique subwoofer design produces a much deeper, richer bass. You also have the possibility to set the bass level to your choice.

Octagonal wooden subwoofer

Extra rigid construction of the octagonal wooden subwoofer delivers breathtaking bass performance.

Perfect for MP3, PC, TV & more

Connect your speakers to all your gear. A great way to listen to your MP3 player, PC, TV, CD, DVD and all your multimedia stuff.

Open-faced designed speakers

The open-faced design improves the sound reproduction with superb clarity and reduces any possible distortion. Aerodynamic protectors are used instead of a cloth or metal cover over the speaker face.
