

Philips
Soundbar Home theater

Blu-ray 3D playback

HTS7140

Superior surround sound without the clutter

Obsessed with sound

Indulge in cinema-like multi channel surround sound without speakers and wires all around you. Philips' SoundBar with Ambisound incorporates a complete home theatre system, including high definition Blu-ray disc Playback in a single unit.

Designed to enhance your living space

- Slim and elegant design in brushed metal finishing
- SoundBar design best fitting a 102cm (40") flat TV or larger

Connect and enjoy all your entertainment

- BD-Live (Profile 2.0) to enjoy online Blu-ray bonus content
- Full HD 3D Blu-ray for a truly immersive 3D movie experience

Ultimate listening experience

- Dolby TrueHD and DTS-HD for high fidelity surround sound
- Ambisound for surround sound from fewer speakers

PHILIPS

Highlights

Ambisound

Ambisound technology produces truly embracing multi-channel surround sound from fewer speakers. It delivers an immersive 5.1 sound experience without the constraints of sitting position, room shape or size, and without the clutter of multiple speakers and cables. Through the combined effect of psychoacoustic phenomena, array processing and precisely angled driver positioning, Ambisound delivers more sound from fewer speakers.

Dolby TrueHD and DTS-HD

Dolby TrueHD and DTS-HD Master Audio Essential deliver the finest sound from your Blu-ray Discs. Audio reproduced is virtually indistinguishable from the studio master, so you hear what the creators intended for you to hear. Dolby TrueHD and DTS-HD Master

Audio Essential complete your high definition entertainment experience.

SoundBar design (102cm (40"))

The SoundBar lends an air of sophistication and grace to any living room. Though it is designed to fit a flat TV with a 102 cm (40") screen or larger, it will also sit under any other flat TV like a companion - matching all your interior and your lifestyle.

Full HD 3D Blu-ray

Be enthralled by 3D movies in your own living room on a Full HD 3D TV. Active 3D uses the latest generation of fast switching displays for real life depth and realism in full 1080x1920 HD resolution. By watching these images through special glasses with right and left lenses that are timed to open and close in synchrony with alternating images, the full HD

3D viewing experience is created in your home cinema. Premium 3D movie releases on Blu-ray offer a wide, high quality selection of content. Blu-ray also delivers uncompressed surround sound for an unbelievably real audio experience.

BD-Live (Profile 2.0)

BD-Live opens up your world of high definition even further. Receive up-to-date content just by connecting your Blu-ray Disc player to the internet. Exciting new things like exclusive downloadable content, live events, live chats, gaming and on-line shopping all await you. Ride the high definition wave with Blu-ray Disc playback and BD-Live
