

# PHILIPS

Stand air circulator  
fan

Series 4000

DC motor

Wide-angle air supply

24 speed wind speed

Multiple control modes

ACR4142CF/30

## Make the air around you more fluid

A cool breeze surrounds the room

DC motor, strong wind, stable air supply, low consumption and low noise; Wide area sweep wind, large area release cool; You can set the 24-hour timer based on your requirements.

### Intimate safety details

- Solid chassis, not easy to tip, use at ease.

### Simple and atmospheric appearance

- Light and upright, indoor summer aesthetic

### Energy saving and comfortable

- Air conditioning good companion, long blow no headache.
- 12H timer, in the cool wind sleep good dream.

### High efficiency refrigeration system

- Large twist Angle fan, strong wind soft delivery
- 3D multi-dimensional air supply to create a comfort zone
- DC motor, strong power, low consumption and low noise.
- 24 speed wind speed, comfortable and delicate.

### Smart and convenient life

- Touch control, easy to operate.

## Series 4000

Stand air circulator fan

ACR4142CF/30

# Highlights

### Touch control

Touch control, clear function, simple operation, the elderly will learn.

### Energy saving comfort

Stir the air, balance the indoor temperature, quickly cool the whole house; Say goodbye to the discomfort of room temperature in the middle of the night and sleep through the night for comfort and energy saving.

### 12H timing

12 hours of regular operation, your time is up to you, customize a comfortable cooling plan, automatic shutdown at night, don't worry about forgetting to close and catch cold.

### Large twist Angle fan blade

Each blade of the big twist Angle is blended with a different cutting Angle of wind, strong wind and comfortable blowing.

### 3D air supply

Up and down around the air supply, wide wind, air supply range, standing, sitting and lying can feel the cool wind.

### Stable Chassis

Chassis design is stable and not easy to fall, intimate more safe.

### DC motor

Choose DC DC motor, strong power, strong stability, low noise and no disturbance in the use process.

### 24 speed wind speed

The air flow will be evenly cut, conveying cool wind is strong and soft, comfortable and cool.

### 5m remote control

Remote control, no need to get up, gently press, enjoy cool

### Vertical free space

Vertical streamline modeling does not take up space, the artistic presentation between the square inch, the connection point between people and cool.

### Technical specifications

Length of power cord: 1.8m

Rated power: 30W

Rated voltage: 24V

### Design and finishing

color: White + Black

material: ABS

### Country of origin

Country: China

### Use type

Control mode: Touch+Remote control

### warranty

Whole machine: One-year warranty

### function

Swing left and right: 60 degrees

Swing up and down: 30/60/90 degrees

wind modes: 1

wind speed: 24 modes
