Excellent closeness, smooth skin feel with SenseIQ Technology

The Philips Series 9400 delivers a smooth skin feel, while cutting each hair close - even on 5-day beards. Equipped with advanced SenseIQ technology, the shaver senses, adapts and guides on the correct motion, for better skin protection.

A close shave

- Cuts hair in every direction with 360-degree rotating blades

SkinIQ technology

- Smooth gliding for better skin protection
- Enhanced shaving experience with app**
- Guides you to an improved technique with fewer passes

For a convenient shave

- Powerful cleaning pod for maintenance and hygiene
- Shave wet, dry and even under the shower
- Up to 50 minutes of cordless shaving when fully charged
- Precision trimmer integrated in the handle
- Travel case to store and protect your shaver

Sustainability

SenseIQ technology

Wet & Dry Shaver Series 9000

Series 9400

S9606/80

Highlights

Dual SteelPrecision blades

Philips rotary shavers are specifically designed to match your natural hair growth, capturing all the hairs growing in any direction, thanks to 360-degree rotating blades. With up to 150,000 cutting actions per minute, the Dual SteelPrecision blades cut more hair per stroke*.

Protective SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 2.000 micro-tech beads per square millimeter, the coating reduced friction on skin by 25%***, to minimize irritation.

Motion Control sensor

Motion-sensing technology tracks how you shave and guides you to the optimal movements. After just three shaves, the majority of men achieved a better shaving technique for fewer passes**

Smart Hair sensor

The intelligent facial-hair sensor reads hair density 250 times per second. The technology dynamically auto-adapts cutting power for an effortless and gentle shave.

360-D Flexing heads

Fully flexible heads turn 360 to follow your facial contours. Experience optimal skin contact for a thorough and comfortable shave.

Personalization via app

Perfect your shave by pairing your shaver with the Philips GroomTribe app. Shave by shave, track the progress of your skin, personalize your shave and master your technique for a shave that's as close as it is kind to skin.

Cable-free Quick Clean Pod

Powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute, keeping it performing at its best for longer. The pod is 10x

more effective than cleaning with water**. It is the world's smallest cleaning pod, so you can store it easily and use it anywhere.

Wet & Dry

Adapt your shaving routine to your needs. With Wet & Dry, you can go for a comfortable dry shave or a refreshing wet shave. You can shave with gel or foam even under the shower.

50 minutes of cordless shaving

Shave cordlessly for up to 50 minutes after one full battery charge.

USB-A charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimize the number of USB adaptors we put in the market.
