Deeper reach between teeth. Superior cleaning.*

Clean between teeth and in hard-to-clean areas

With advanced tufting technology and extra-long bristles, i InterCare helps to remove up to 7 x more plaque between teeth than a manual toothbrush and improve gum health in just two weeks.

Innovative technology

- Automatically selects optimal mode for ultimate results**
- Philips Sonicare's advanced sonic technology

Designed to optimise performance

- Tested to meet your oral health needs
- Click-on design for simple brush head placement
- Always know when to replace. Always get an effective clean.

For exceptional gum care

- Improves gingival health in just 2 weeks

For exceptional plaque removal

- Remove up to 7x more plaque with our InterCare brush head*

Highlights

Remove up to 7 x more plaque

Click on our InterCare brush head to improve gum health in just 2 weeks. Extra-long bristles help remove more plaque in hard-to-reach spots and between teeth for healthy gums.

Improves gingival health

The i InterCare brush head features extra-long, densely packed, high-quality bristles to target deep interdental plaque. It is clinically proven to reduce gingival bleeding and inflammation in just two weeks.

Brush head replacements

Brush heads become less effective after 3 months' use, but with BrushSync™ you'll be reminded before this happens. Your smart

toothbrush will track how often and how hard you brush and will notify you when it's time for a replacement. Don't have a smart Philips Sonicare toothbrush? Just monitor your blue replacement bristles — when they turn white you'll know it's time for a fresh brush head.

BrushSync™ mode-pairing

You'll always get the best possible clean with our BrushSync™ mode-pairing feature**. The InterCare brush head syncs with your BrushSync™ enabled Philips Sonicare toothbrush handle**, selecting the optimal brushing mode and intensity level for exceptional cleaning. All you need to do is start brushing.

The only true sonic technology

Philips Sonicare's advanced sonic technology pulses water between your teeth, and its brush strokes break plaque up and sweep it away for an exceptional daily clean.

Easy to click on

Your InterCare brush head fits perfectly with any Philips Sonicare toothbrush handle, except PowerUp Battery and Essence. Simply click on and off for easy replacement and cleaning.

Brushing with peace of mind

All Philips Sonicare brush heads are safe and gentle on teeth and gums. During tests, each brush head is put through its paces to ensure durability and an exceptional performance every time you brush.
