- Long-lasting Battery – Enjoy up to 3 weeks of brushing on a single charge
- Optimise your brushing with the SmarTimer and BrushPacer

Series 6500

Rechargeable Sonic Electric Toothbrush

Highlights

S2 Sensitive & W2 Whitening

The Philips Sonicare Series 6500 electric toothbrush delivers a gentle brushing experience, even for sensitive teeth and gums. Thanks to the new S2 Sensitive Brush Head made using Sonicare's softest bristles, it is uniquely designed to provide a gentle clean that removes up to 10 x more plaque in hard-to-reach areas.** In addition, the W2 Optimal White Brush Head makes it easy to maintain brightness between professional whitening treatments, while removing up to 7 x more plaque vs. a manual toothbrush.

Next-Gen Sonicare technology

Enjoy a delightful brushing experience and new level of oral care with Next-Generation Sonicare technology. While you brush, the electric toothbrush's innovative magnetic system adjusts brushing power during each cleaning session, delivering optimal performance of precisely 62,000 bristle movements per minute, even in hard-to-reach areas. Meanwhile, dynamic fluid action supports the brush head's cleaning performance by gently rinsing along the gumline and between every tooth, helping you achieve a complete clean every time you brush.

9 brushing settings

Designed for sensitive teeth and gums, the Philips Sonicare Series 6500 electric toothbrush allows you to choose between 3 brushing modes, ensuring a clean that's right for you. Sensitive mode provides gentle, thorough cleaning, while Clean mode focuses on plaque removal for a superior clean. White mode works a bit harder to remove surface stains and polish your teeth for a whiter smile. For a personalised clean, you can combine any mode with one of 3 intensity levels, from High to Low, for a brushing session that's right for you.

Light-ring pressure alert

You may not notice when you're brushing too hard, but this electric toothbrush will. The smart optic pressure sensor precisely detects excessive brushing pressure, then flashes purple while reducing vibration. You'll always know when to adjust your brushing, and your gums will stay protected.

Philips Sonicare app

The Philips Sonicare app seamlessly pairs with your electric toothbrush and supports you in improving and maintaining your oral health. Our

HX7419/01

app keeps track of your brushing progress, providing personalised guidance and progress reports so you can gain valuable insights about your brushing.

2-minute timer and brushing pacer

Achieve a complete clean in just two minutes with our SmarTimer, which ensures you brush for the dentist-recommended time. For an even clean throughout your mouth, the BrushPacer divides your session into segments, with a slight pause in vibration as your cue to move on. This supports you in achieving an even clean every time you brush.

BrushSync replacement reminder

Replacing your electric toothbrush head regularly is an important part of maintaining good oral health. With BrushSync technology, it's easy to keep your brush head performing at its best. By tracking your usage frequency and brushing intensity, the innovative technology then reminds you when it's time for a new brush head.

Series 6500

Rechargeable Sonic Electric Toothbrush

Highlights

Designed to last

We've re-designed our Philips Sonicare electric toothbrushes from the inside out to be strong, lightweight and long-lasting. Thanks to our advanced laser-welding process, our electric toothbrushes are designed to brush with you for years to come.

Up to 3-week battery life

This electric toothbrush features a high-performance long-lasting rechargeable battery designed to enhance your brushing experience. With a single charge, you can enjoy up to three weeks of regular brushing before needing to recharge, ensuring convenient and hassle-free oral care

Compact travel case

Our redesigned travel case is compact enough to slip into a bag and strong enough to keep your Philips Sonicare electric toothbrush protected along the way. Not only does it keep your toothbrush protected, but it also conveniently holds two brush heads. Now you can travel confidently wherever your journey takes you.
