## Dual-camera video doorbell

For enhanced visibility and security

Elevate your home security with the Philips Video Doorbell. This innovative doorbell features 2K HD clarity with HDR, dual cam technology, and motion detection with zone control.

### Enhanced security and safety

- Identify who's at the door in a split-second
- Get accurate alerts and never miss a visitor
- Ultra-wide field of view
- Helps you receive your packages and guards them safe
- Dual cameras, double security
- Define specific areas around your doorstep for motion alert

### Dedicated Stylish design

- The sleek design brings a modern look to your front door

### Seamless easy of use

- Wire your video doorbell or use the rechargeable battery
- Detach your doorbell easily with just one click on the app

### Innovative smart solution

- Stay informed of activity at your doorway
- See, hear, and speak to anyone through the app from anywhere

## Highlights

### Wired or wire-free

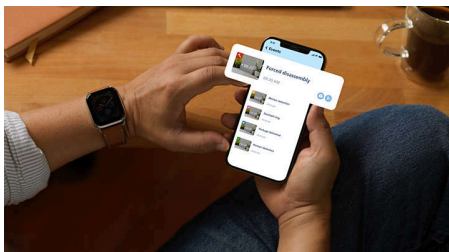

You can power the Philips video doorbell with the existing doorbell wire, or just attach it to your wall and recharge it with the fast-charging port when it runs out of battery.

### 2K HD clarity with HDR

Experience crystal-clear detail with 2K HD resolution and HDR, ensuring exceptional visibility even in sunlight.

### Real-time notifications

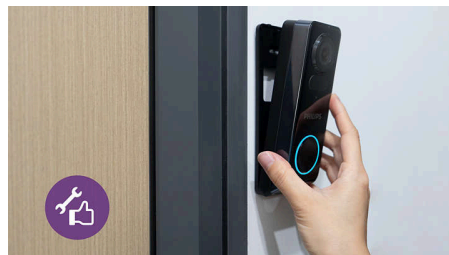

Receive alerts when activity occurs at your front door, including someone at the door, package arrivals, and suspicious activity. Stay aware and stay safe!

### Enhanced motion detection

Configured with high-precision PIR and Radar sensors and an AI algorithm-driven human detection, this Philips Video Doorbell allows you to track any individuals approaching your doorway with instant notifications. Get accurate alerts and never miss a visitor.

### Tool-free detachment

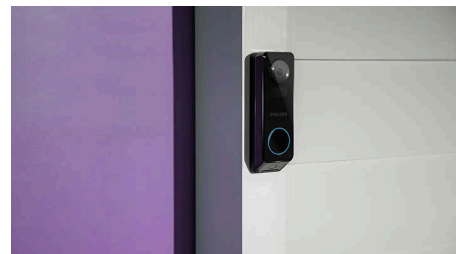

Through the Philips Home Access app, remove the doorbell from its mount without needing tools. Simple maintenance and adjustments ensure a quick and hassle-free detachment for your convenience.

### Two-way audio & live view

With the two-way audio and 2K live view, you can see and talk to your visitors via the Philips Home Access app in real-time.

### Sleek design

The sleek design brings a modern look to your front door. The high-quality video doorbell comes in a smooth and shiny finish to fit your style.

### Head-to-toe viewing

Boasting an ultra-wide viewing angle, our video doorbell ensures you capture every detail from head to toe. Whether it's a visitor's face or a package at your doorstep, experience unmatched clarity and coverage.

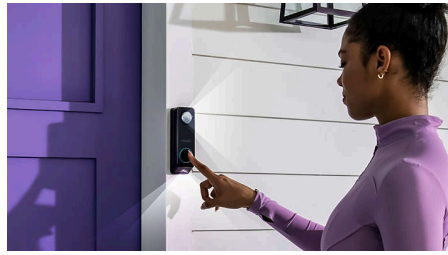

# Highlights

### Delivery guard

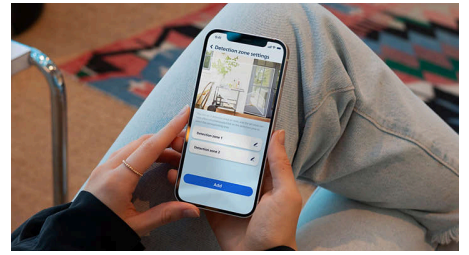

Get instant alerts on your smartphone from the Philips Home Access app when your package arrives, and remotely communicate with delivery drivers to guide them exactly where to leave your packages.

### Dual-camera technology

This video doorbell utilizes a low-angle camera to eliminate traditional blind spots, along with the high-definition main camera on the front, providing a complete view of your doorstep. Benefit from a broader perspective and enhanced security, ensuring you never miss a moment of crucial front door activity.

### Customizable motion zones

Define specific areas around your doorstep for motion alerts, reducing unnecessary notifications. Enjoy a personalized security experience that focuses on what matters most to you, ensuring you stay informed about activities within your chosen zones.

# Specifications
