Highlights

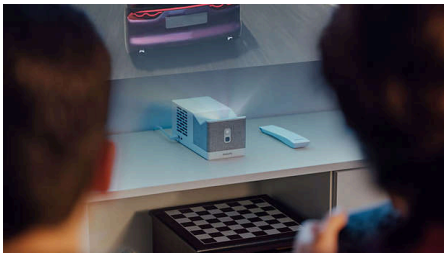
Triple Laser Projector

Watch movies and more in Full HD sharpness, full of the fine detail that can be lost at lower resolutions. The picture remains lifelike and text is crystal clear when displayed at up to 80" or more. Texas Instrument DLP cinema technology delivers dramatic home cinema viewing with vivid pictures, deep contrast and a bright image in any conditions. This advanced technology outshines conventional LED projectors, offering superior brightness, exceptional colour accuracy, deeper blacks and an extraordinary lifespan.

Full HD 1080p resolution

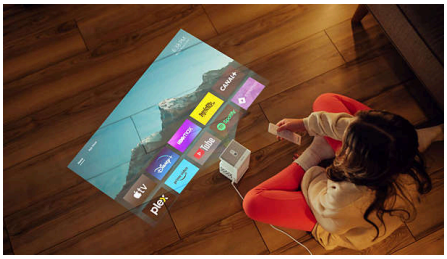
Watch movies and more in Full HD 1080p high-definition sharpness, full of the fine detail that can be lost at lower resolutions. The picture remains lifelike and text is crystal clear when displayed at up to 80" or more. Texas Instrument DLP cinema technology brings vivid pictures, deep contrast and a bright image in any conditions. Worried about the lamp? No worries! The powerful Triple Laser source displays rich, vivid colours and will last up to 30,000 hours. Additionally, the power consumption is far lower than a regular lamp based projector.

Versatile Connectivity



Unlock the power of versatile connectivity with the Screeneo UL5 Smart. With HDMI 2.1, USB A and USB-C ports, connecting devices like games consoles, Apple TV or satellite receivers is a breeze. Use the USB A power port for a hassle-free Amazon Fire Stick connection. Plus, the USB-C port powers your projector and allows easy hook-up of laptops, smartphones or tablets. The Screeneo UL5 Smart ensures seamless entertainment with its all-encompassing connectivity.

LuminOS systems with Apps



Dive into a boundless universe of entertainment with the Screeneo UL5 Smart, powered by our advanced LuminOS, an Android-based system. Fresh out of the box and ready for immediate enjoyment, this device comes pre-loaded with all your favourite apps: Netflix, Amazon Prime, YouTube, Disney+ and more! Experience the world of multimedia right at your fingertips, all with the ease and convenience of the Screeneo UL5 Smart.

Ideal Image

With precise colour accuracy and incredible contrast on a max 120-inch screen space, the Screeneo UL5 Smart is the world's first mini RGB Laser UST projector able to product images compatible with 108% REC2020, 200% REC709, 150% DCI-P3, HDR10 and HLG ensuring incredible colour reproduction performances up to 12-bit. The UL5 Smart is also compatible with 3D (3D DLP Link compatible glasses).

Stereo Speakers Sound

Enhance your viewing experience with the Screeneo UL5 Smart's integrated 2 x 3 W speakers. They provide a balanced audio output, complementing your visuals for a well-rounded entertainment experience. Want a bigger sound? Just connect your external Bluetooth speaker to the Screeneo UL5 Smart!
