Hair clipper
Titanium blades 400 length settings, 120 mins cordless use/1 h charge

HC9450/20

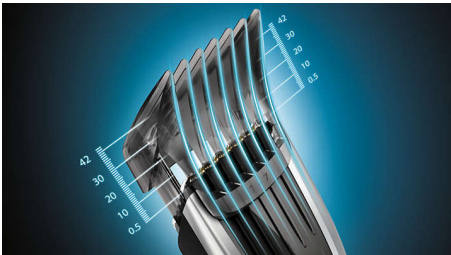

Highlights

Digital Swipe interface

The Digital Swipe interface gives you precise feedback on the selected length. Use the touch screen to easily swipe through more than 400 length settings. Quickly browse through lengths or slowly go through each small step of 0.1 mm.

400 lock-in length settings

Use the Digital Swipe to lock-in the exact length you want. There are more than 400 to choose from in 0.1 mm increments, or remove the comb for a close 0.5 mm trim.

3 adjustable hair combs

Experience precision clipping with 3 adjustable hair combs. Lock-in more than 400 hair lengths between 1 mm and 42 mm, or use the clipper without a comb for a close 0.5 mm trim.

Titanium blades

Get a perfect yet protective trim with the self-sharpening titanium-coated steel blades, created for long-lasting performance, time after time.

Motorised Combs

Lock-in your preferred length setting to 0.1 mm accuracy and keep it there with a motorised length setting system designed for precision.

DualCut Technology

Power through any hair type with our advanced DualCut Technology, which combines a double-sharpened cutting element with low-friction engineering. The innovative cutting element is designed to cut hair twice as fast as regular Philips clippers, with the added

confidence of a robust steel guard for ultimate durability.

Memory Function

The smart hair clipper that saves you time, not only does it remember your last cutting length, it can memorise your 3 preferred settings. Just select and hold the memory button.

Charging stand and storage pouch

The Philips Hairclipper 9000 includes a charging stand and travel pouch for added convenience and ease.

Auto Turbo

The Auto Turbo feature automatically adapts to thicker hair, giving a little boost of extra power for an effortless cutting motion.
