# Highlights

## Self-sharpening blades

The self-sharpening steel blades on this trimmer for face and body are reinforced with iron and tempered for maximum strength. This results in blades that stay as sharp as day 1. No rusting. No blade oil needed.

## Unique OneBlade technology

Designed for facial styling and body grooming, the Philips OneBlade trims, edges and shaves any length of hair. It delivers an easy and comfortable shave thanks to a glide coating and rounded tips. And with a cutter that moves at 200 x per second, it's efficient even on longer hairs.

## 13 tools for face, hair and body

The Philips Multigroom all-in-one hair trimmer comes with 13 attachments to provide a full-body grooming solution.

## Nose and ear trimmer

Avoid nicks and cuts, as the all-in-one trimmer quickly removes unwanted nose and ear hair.

## 7 impact-resistant combs

Quickly touch up your face and hair with the seven reinforced cutting guards. 2 stubble combs for 1 mm and 2 mm trimming, an adjustable beard comb, 3 hair combs at 9 mm, 12 mm and 16 mm, and 1 body comb.

## Edge it up

Get precise lines in seconds with the dual-sided blade that enables you to see every hair you're cutting.

## Shave it off

The OneBlade shaver doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and shave off any length of hair easily.

## Guard

Attach the skin guard for an extra layer of protection on sensitive areas.

## Showerproof

This trimmer is designed to be water-resistant, so that you can use it comfortably in the shower and easily clean it under the tap.

## Up to 180 minutes of run time

This Philips trimmer gives you up to 180 minutes of cordless use from a single 3-hour charge. A quick 5-minute charge provides enough power for one full trim.
