

PHILIPS

Auto Curler with
SenseIQ

8000 Series

Smart curling system

2 x more hair in one go*

95% hair strength**

Straight to curly in 8 seconds

BHB886/00

Gorgeously cared-for curls, automatically

Prevent overheating for beautiful curls

The Philips Auto Curler 8000 with SenseIQ Technology takes you from straight to curls in seconds while maintaining 95% of your hair's natural strength**, for gorgeous, healthy-looking curls, every style, every time.

Easy to use

- Smart curling system for effortless styling
- Longer barrel to style 2 x more hair in one go
- Smart curl guards follow the flow of your hair
- 3 heat and 3 timer settings for different types of curls
- Automatic alerts keep you on track
- Cleaning accessory keeps the barrel clean and smooth

Care for your hair

- Ionic care prevents static for frizz-free, shiny hair
- Ultra-smooth curling surface gently rolls hair

SenseIQ technology

- Senses hair's temperature
- Adapts curling temperature
- Cares uniquely for your hair

Highlights

Sensing

An active digital sensor measures the temperature of your hair 36,000+ times per styling session*** to give you just the right amount of heat every time you style.

Adapting

An intelligent microprocessor analyses and adjusts air temperature in real time for gorgeous curls without overheating your hair.

Caring

Our unique system preserves 95% of your hair's natural strength** while locking in 3 x more moisture**** for strong, healthy-looking hair with bounce and shine.

Smart curling system

Curl Boost Technology treats every strand like a professional stylist for glamorous, lasting curls at the touch of a button. Get salon results without leaving home.

Longer curling barrel

The unique open design, now with a longer curling barrel, styles twice as much hair in each go.*

Smart curl guards

Curl guards rotate to move with your hair, while gently wrapping it for glamorous, long-lasting curls.

Ionic care

Negatively charged ions eliminate static, condition hair and smooth cuticles for an intense, glossy shine without frizz.

Ultra-smooth curling surface

The ultra-smooth design lets hair glide in with no friction or pulling for gorgeous curls, effortlessly.

Settings for different styles

Achieve your perfect look every time from soft waves to bouncy curls. Choose 170, 190 or 210 C for 8, 10 or 12 seconds.

Automatic alerts

Alerts help you protect your hair by beeping when each curl is ready.

Cleaning accessory

Gently remove loose hairs and residue from the barrel while protecting the curler's inner parts.
