PHILIPS

Highlights

Buy and get 4 years warranty

Philips LongerLife Xenon lamps offer high levels of quality and safety. From the date of purchase, you will automatically receive a 4 year warranty for free.

Extra 3 year warranty - free

Xenon LongerLife lamps have a longer lifetime than any Philips Xenon lamp. To give you total peace of mind, you can get an extra 3 year warranty for free. Simply register at <https://www.philips.com/c-cs/xenonwarranty> and follow 3 simple steps: 1. First, check that you have bought a genuine Philips product by using the certificate of authenticity sticker located on the product packaging. 2. Once checked, complete your details online and provide proof of purchase. 3. Finally, print and keep your 7 year warranty certificate.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light.

How to claim on your warranty

Go back to your reseller or contact the Philips Consumer Care team on 00800-7445 4775. If your claim is in line with the terms and conditions, you will be provided with a new lamp that is technically equivalent to a Xenon LongerLife lamp. If you go through the Philips Consumer Care service to receive a replacement, please send the defective Philips bulb in a protective package. Don't forget to include your receipt and pay the correct postage for the contact address in your country.

Long-lasting replacement

Philips Xenon LongerLife replaces a single burned-out lamp. We highly recommend that you change your lamps in pairs to ensure greater and more homogeneous visibility for the maximum safety. Long-lasting and economical, you will get perfect satisfaction driving in darkness.

Original Xenon technology

Xenon HID (High Intensity Discharge) lamps offer twice as much light for safer driving in all conditions. As a matter of fact, the intense white light produced by the Xenon HID lamps is comparable to daylight. Studies have demonstrated that xenon automotive lighting helps drivers to concentrate on the road and to distinguish obstacles and road signs much faster than traditional lamps.

Resistance against humidity

Only a burning bulb made of quartz glass can resist thermal shocks : if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

Specifications

Marketing specifications

- Expected benefits: Long lasting
- Product highlight: 4-year warranty + 3 extra

Product description

- Application: High beam, Low beam
- Base: P32d-2
- Designation: D2S LongerLife
- Homologation ECE
- Range: Xenon LongerLife
- Technology: Xenon
- Type: D2S

Light characteristics

- Lumens: 3350 \pm 300 lm
- Color temperature: Up to 4300 K

Electrical characteristics

- Wattage: 35 W
- Voltage: 85 V

Ordering information

- Order entry: 85122SYC1
- Ordering code: 37244133

Packaging Data

- Packaging type: C1
- EAN1: 8727900375244
- EAN3: 8727900372458

Packed product information

- Width: 5.4 cm
- Height: 9.3 cm
- Net weight per piece: 73.2 g
- Length: 5.4 cm
- Gross weight per piece: 102 g
- Pack Quantity: 1
- MOQ (for professionals): 2

Outerpack information

- Length: 11,1 cm
- Width: 9,6 cm
- Height: 5,7 cm
- Gross weight per piece: 0,204 kg

Issue date 2024-07-05
