PHILIPS

Highlights

15 hours play time

It's easy to pair these Bluetooth on-ear headphones, and you get up to 15 hours play time from a 2-hour charge. If you start running low on power, a 15-minute charge will keep the music playing for another 3 hours.

Crisp, clear sound

Powerful 32 mm neodymium acoustic drivers give you crisp sound, while the closed-back

design ensures great sound isolation. Enjoy every minute of your tunes without others hearing what you're listening to.

Easy to wear. Easy to use

Cushioned ear cups provide an extra level of comfort on listening sessions. Buttons on each ear cup let you adjust the volume, skip or pause tracks, take or reject calls-and more.

Flat-fold design

Roll with the bass. The ear cups fold flat and swivel inward, for easy storage in your pocket or bag. Just fold them up and you're ready to go.
