- Use anywhere in the world with universal voltage

Beautifully styled hair

- SilkPro Care technology for less heat exposure
- Keratin-infused ceramic plates for smooth and shiny hair
- 210°C professional temperature for perfect salon-like styles

Highlights

Heat resistant roll out mat included

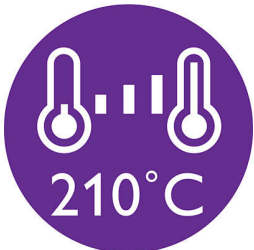

Heat resistant roll out mat included for easy storage and carrying.

SilkPro Care

Enjoy style and care with the Philips SilkPro Care technology. Plates smoother than silk glide through your hair with optimized temperature, minimizing friction and resulting in less heat exposure. For beautifully straightened silky-smooth hair.

210°C styling temperature

This styling temperature enables you to get the perfect salon-like straight hair, curls or waves, just as you like it.

Keratin infused plates for active care

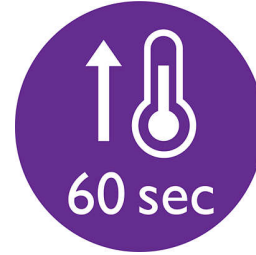

Keratin is hair's essential ingredient which makes them strong, healthy and gorgeous looking. The ceramic plates are enriched with keratin to actively care for your hair and leave them looking perfectly silky smooth.

Cool Tip for easy and safe use

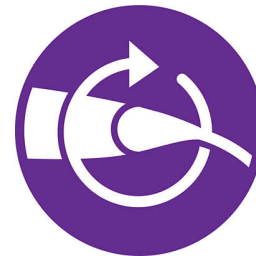

The tip of the styler is made from a special heat insulating material to keep it cool. You can safely hold it while you're straightening or curling to create beautiful straight hair, curls, waves and bouncy styles.

Rapid heat-up

The straightener has a fast heat-up time, being ready to use in just 60 seconds.

Swivel cord

The swivel cord technology conveniently rotates the cord and prevents unnecessary tangles.

Universal Voltage

This straightener is ready to use anywhere in the world and is compatible with 110-240 voltage.
