Highlights

Unique OneBlade Technology

Philips OneBlade has a revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual protection system – a glide coating combined with rounded tips – makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (12000x per min) so it's efficient - even on longer hairs.

Innovative 360 Blade

The innovative 360 Blade can flex in all directions to adjust to the curves of your face. The design enables constant skin contact and control. Easily trim and shave hard-to-reach areas — with just a few strokes and great comfort.

Trim away

Unique open comb design for an efficient trim without clogging and interrupting your routine - even on long and thick hair.

Shave it off

OneBlade does not shave as close as a traditional blade - so your skin stays comfortable. Go against the grain and easily shave off any length of hair on your face or body. Includes two blades - one for face and one for body.

Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably trim and shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Click-on skin guard

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Click-on body comb

Attach the skin guard for an extra layer of protection on sensitive areas.

Durable OneBlade

The blades are designed for lasting performance. For optimal performance, you will only need to replace each blade every 4 months**. Replacement is easy and hassle-free.

Highlights

Wet and dry

OneBlade is fully waterproof, so it is easy to clean: just rinse it under the tap. You can shave wet or dry and even in the shower - whichever you prefer. No shaving foam needed.

Long-lasting Li-Ion battery

Rechargeable Li-Ion battery delivers 60 minutes of constant shaving power after a 4 hour charge.

Wear out status

An eject icon will appear on the blade when the blade is worn out.
