Trim, edge and shave any length of hair

Designed to cut hair, not skin

The Philips OneBlade Pro is a revolutionary hybrid styler that can trim, shave and create clean lines and edges, on any length of hair. Forget about using multiple steps and tools. OneBlade does it all.

Easy to use

- Create precise edges and sharp lines
- 90 min Li-Ion battery
- LED light shows battery status
- Durable OneBlade
- Water resistant: Use wet and dry

Comfortable shave

- Unique OneBlade Technology
- Shave it off

Sharp edges

- Edge it up

Even trim

- 5-in-1 adjustable comb

Highlights

Unique OneBlade Technology

The Philips OneBlade has a revolutionary technology designed for facial styling and body grooming. It can trim, edge and shave any length of hair. Its dual protection system, a glide coating combined with rounded tips, makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (200 x per second) so it's efficient, even on longer hairs.

Edge it up

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

Shave it off

The OneBlade shaver doesn't shave as close as a traditional blade, ensuring your skin stays comfortable. Go against the grain and shave off any length of hair easily.

Trim away

No more loose beard combs. Do more with less with the new 5-in-1 adjustable comb. Unique open comb design for an efficient trim without clogging and interrupting your routine - even on long and thick hair.

Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably trim and shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Durable OneBlade

The blades are designed for lasting performance. For optimal performance, you will only need to replace each blade every 4 months*. Replacement is easy and hassle free.

Wet and dry

OneBlade is water resistant, so it is easy to clean: just rinse it under the tap. You can shave wet or dry, with or without foam - whichever you prefer.

90 min Li-Ion battery

Rechargeable Li-Ion battery delivers 90 minutes of constant styling power after a 1-hour charge.

Battery indicator

Make sure that your OneBlade is always ready to go by checking the battery indicator. It alerts you while in use when your battery is low, and indicates charging progress when plugged in.
