Immersive 4K Gaming Experience

144Hz Ultra HD Gaming TV

Unleash your game with our 4K Gaming TV – where stunning visuals meet ultra-smooth refresh rates. With settings optimized for gameplay out of the box, simply plug in your TV and fire up your favorite game for the ultimate gaming experience.

Unleash your game

- 144Hz native refresh rate allows for ultra-smooth gaming
- HDR10 brings your content to life with realism and detail
- Crisp, clear picture with 4K Ultra HD resolution
- Large screen for single player or multiplayer gameplay

Play like a Pro

- AMD Freesync™ Premium enables seamless, tear-free gaming
- Low input lag means faster action and better gaming results
- Faster panel reduces image smearing for greater details
- Settings optimized for enhanced gaming right out of the box

Your Entertainment Destination

- Dolby Vision and Atmos for a cinematic experience at home
- Google TV brings together movies, shows, live TV and more
- Hey Google – Search, discover, control your smart home
- Bluetooth® enabled with 802.11 AC for a wireless world

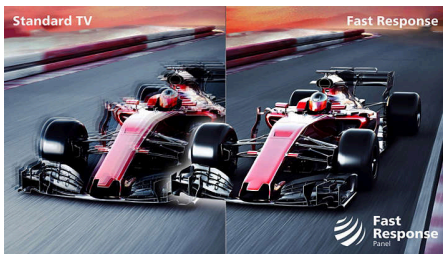

Highlights

144Hz Native Refresh rate

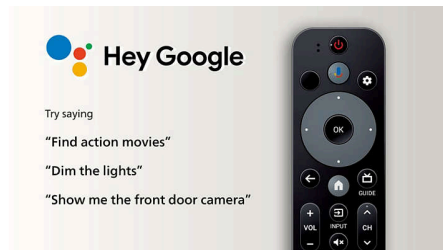

Our high-speed 144Hz native refresh rate reduces stuttering and flickering, for an ultra-smooth gaming experience. Perfect for fast-paced games.

Fast Response Panel

Stay victorious in your favorite games with a faster response rate panel. Enjoy less smearing in gaming sessions so you don't miss a moment of the action.

Search, discover and control

Use your voice to find movies, control your TV, and control smart home devices.* Press the Google Assistant button on the remote to get started.

4K Ultra HD Resolution

4K Ultra HD has 4x the resolution of Full HD. Watch your favorite movies, TV shows, and games come alive with incredible detail and clarity.

ALLM Game Mode

Game Mode automatically selects settings for the lowest input lag so you experience the best gaming performance.

Dolby Vision and Dolby Atmos

Dolby Vision and Atmos unlocks greater detail and encompassing surround sound, for an immersive visual and audio cinematic experience at home.

HDR 10 support

HDR10 support offers the most immersive visual experience with greater shadow detail and contrast to bring your gaming world and videos to life.

AMD FreeSync™ Premium

AMD FreeSync Premium allows fluid tear-free gaming in all resolutions so you can enjoy 4K UHD games with high detail and clarity.

Connectivity for all your needs

Wireless and Bluetooth enabled. 802.11 AC for fast wireless streaming and BT for easy connection to Headphones, soundbars, and other immersive peripherals.
