

PHILIPS

1st Shave

OneBlade 1st Shave

Tough on hair, gentle on skin for your first shave

Anti-friction blade**

Rechargeable

Wet and Dry Use

QP1324/30

Tough on hair, gentle on skin

Effortless and protective from shave one

Power through easily with the Philips OneBlade 1st Shave. It is the clean-shave codebreaker designed to keep nicks, cuts and burns at bay with one hand, while defeating old-fashioned blades with the other. Ready? Go.

Easy to use

- Long lasting battery
- Charge anytime, anywhere
- Durable OneBlade
- Fully waterproof

Sharp edges

- Create precise edges & sharp lines with the dual-sided blade

Clean shave

- Unique OneBlade Technology
- Shave it off

Protective shave

- Designed to cut hair, not skin
- Anti-friction blade**

Highlights

Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

Durable OneBlade

The blades are designed for lasting performance. For optimal performance, you will only need to replace each blade every 4 months*. Replacement is easy and hassle free. * For best shaving experience. Based on 2 full shaves per week. Actual results may vary.

Unique OneBlade Technology

It's fast. Like really fast. Philips OneBlade First Shave uses a revolutionary cutter to power through any length of hair. 6000 movements per minute give you a fast, clean shave while caring for your skin.

Anti-friction blade**

It's smooth. Like, really smooth. We added a layer of micro beads to dial down friction while you shave. And because that helps reduce razor burn, you don't need foam or water.

Long lasting battery

Rechargeable battery delivers 30 minutes of constant performance after an 8 hour charge.

USB-A charging

Can be charged at home or on the road, perfect for your daily routine and for travel.

Dual protection system

Glide coating and rounded tips to protect your skin. A protective plate on top of the cutter, plus rounded tips, makes the blade glide smoothly and protect skin from nicks and cuts while shaving.

Shave it off

Make quick work of your shave by moving against the grain. While you do that, OneBlade 1st Shave helps keep your shave clean and comfy because it never gets too close.

Wet and dry

OneBlade is fully waterproof, so it is easy to clean: just rinse it under the tap. You can shave wet or dry and even in the shower - whichever you prefer. No shaving foam needed.
