From workout playlist to vital call

- Let the world in when you need to. Awareness Mode
- Switch between earbuds as you need. Mono mode
- Sound tuned for sports. 9 mm neodymium drivers
- Touch controls. Built-in mic. Easy pairing

PHILIPS

True wireless sports headphones
In-ear fit Heart-rate monitor, Ear hooks or wing tips, UV cleaning

TAA7306BK/00

Highlights

Ear hooks or wing tips

For light- to medium-intensity workouts, flexible and detachable wing tips keep the fit secure. When you're up for a harder session, detachable ear hooks ensure your buds stay put. Pick your ear-hook or wingtip color to suit your style.

Heart-rate monitor

Train smarter thanks to a heart-rate monitor that's compatible with popular fitness apps and the Philips Headphone app. If your chosen app supports live updates, you'll get heart-rate readings spoken into your ear as you train. You'll know when to go harder and when to hold back.

UV cleaning

Lift hard. Hit the treadmill. However you like to get your endorphin rush, these headphones give you the freedom to get sweaty! When you're done, simply pop the earpieces in the charging case and a UV cleaning cycle will remove up to 99 % of bacteria.

Awareness Mode

Want to hear your fellow gym goers? Activate Awareness Mode and have a conversation without removing your headphones. If you need to take a call, mono mode lets you use a single earbud to talk, and you can swap between earbuds without missing a word.

IP57 dust/water protection

An IP57 rating means these sports headphones can take on the hardest workout. Enjoying

your workout playlist too much to stop listening? You can even keep the headphones on in the shower. When you're finished, and the headphones are dry, store them in the soft carry pouch.

Easy control and pairing

Tap the headphones to pause your playlist, take calls, and wake your phone's voice assistant. The headphones are ready to pair the instant you switch on Bluetooth. Once they're paired, they remember the last device they were paired with.

24 hours play time

You get clear sound, punchy bass, and 6 hours play time-and the ultra-portable charging case gives you up to 18 hours extra play time. Need an extra boost? A speedy 15-minute charge gives you another hour of play time.

Philips Headphones app

You can use the Philips Headphones app to track your heart rate while working out, or to get a post-session summary. Want to tweak the sounds you train to? You can also use the app to enhance bass, tone down treble, or choose from preset sound styles.

Specifications

Sound

- Frequency range: 20 - 20 000 Hz
- Speaker diameter: 9.2 mm
- Impedance: 16 Ohm
- Maximum power input: 5 mW
- Sensitivity: 105 dB (1K Hz)
- Driver type: Dynamic
