Power Toothbrush

Philips One by Sonicare

The One that cleans better

The One for on the go

The One without hassle

The One in multiple colours

HY1200/24

One-up your brushing

The new electric One cleans your teeth better for a brighter, whiter smile. Wherever you go, this One goes with you. Its sleek, lightweight design and portable case makes it the perfect brush for you. Which colour is your One?

Better brushing

- Good vibrations

Hassle-free

- One charge, one month of brushing
- Routine made easy with brushing guidance

Multiple colours

- A colour for every style

Highlights

Good vibrations

Think of the One like a manual toothbrush that works harder and faster. 13,000 microvibrations per minute and contoured bristles gently clean your teeth for a whiter, brighter smile.

Routine made easy

Sometimes, we all need a little guidance. The One buzzes every 30 seconds encouraging you to move on to the next part of your mouth. A longer buzz at 2 minutes lets you know when the job is done.

A colour for every style

Choose the colour to match your style. You can mix and match the brush head with the handle and create your own colour combination.

One charge, one month of brushing

Charging your One is easy. Just pop off the end cap, plug in your USB-A cable and wait until the light indicator stops flashing. With a single charge, you can brush for 30 days. That's one month of whiter, brighter smiling.

Specifications

Technical specifications

Operating time (full to empty): Up to 30 days
Energy consumption: Standby without display <0.5 W
