- Expected benefits: More light
- Product highlight: Ideal for replacement

Product description

- Application: High beam, Low beam
- Base: PK32d-1
- Designation: D8S Vision
- Homologation ECE
- Range: Xenon Vision
- Technology: Xenon
- Type: D8S

Light characteristics

- Lumens: 2000 lm
- Color temperature: 4500 K

Electrical characteristics

- Wattage: 25 W
- Voltage: 42 V

Ordering information

- Order entry: 12411C1
- Ordering code: 2407794

Packaging Data

- Packaging type: C1
- EAN1: 8719018024077
- EAN3: 8719018024084
- 12NC: 928760132502

Packed product information

- Width: 5.4 cm
- Gross weight per piece: 97 g
- Length: 5.4 cm
- Height: 9.35 cm
- Net weight per piece: 67.5 g
- Pack Quantity: 1
- MOQ (for professionals): 4
- Gross weight individual pack: 77.27 g

Outerpack information

- Length: 12 cm
- Width: 12 cm
- Height: 11 cm
- Gross weight per piece: 0.204 kg
- Gross weight [kg]: 0.347

Highlights

Single-lamp replacement

Philips Xenon Vision replaces a single burnt-out lamp while matching the colour of the unchanged one. Its new single-lamp replacement technology allows for one-by-one replacement while still matching the colour temperature of the unchanged lamp. Thus, Xenon Vision is the perfect solution for single-lamp replacement.

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensuring their longevity.

Car manufacturers' choice

Technologically advanced Philips lighting is renowned in the automotive industry, and has been for over 100 years. Philips Original Equipment Quality products are designed and developed following strict quality control processes (including applicable ISO norms), leading to consistently high production standards.

ECE homologation

Philips automotive products and services are considered best in class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high-quality products and tested to the highest specifications, our products are designed to maximise the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

Original Xenon technology

Xenon HID (High Intensity Discharge) lamps offer considerably more light for safer driving in all conditions. As a matter of fact, the intense white light produced by the xenon HID lamps is comparable to daylight. Studies have demonstrated that xenon automotive lighting helps drivers to concentrate on the road and to distinguish obstacles and road signs much faster than traditional lamps.
