Specifications

Marketing specifications

- Product highlight: Automotive Grade LED, ACDC
- Expected Benefits: Brighter Lights

Product description

- Application: Low beam, High beam
- Base: PX43t
- Designation: LED HS1 11636 U1M 12V 4W X1
- Homologation ECE: NO
- Range: Ultinon 1000 Moto
- Technology: LED
- Type: LED-HL [~HS1]

Lifetime

- Life time: 1500 hrs

Light characteristics

- Lumens: 550/500
- Color temperature: 6000K

Electrical characteristics

- Voltage: 13.2 V V
- Wattage: 4W W

Ordering information

- Order entry: 11636U1MX1
- Ordering code: 72819330

Logistic data

- Quantity in box: 10pcs

Packaging Data

- EAN1: 6974260728193
- EAN3: 6974260728209
- Packaging type: X1

Packed product information

- Pack Quantity / MOQ: 1
- Net weight per piece: 26.5 g
- Length [cm]: 6
- Width [cm]: 4.5
- Height [cm]: 7.5
- Gross weight per piece [g]: 38.5

Outerpack information

- Net weight per piece: 265g g
- Length [cm]: 23.6
- Width [cm]: 12.8
- Height [cm]: 11.5
- Gross weight per piece [kg]: 0.472

Highlights

Better visibility

For enhanced safety and perfect style, choose high-performance Philips Ultinon Moto LED with a wider beam and brighter light for better visibility ahead of you. The uniform and accurate beam pattern allows you to see well and be seen for your safety. Get better visibility ahead of you thanks to the brighter light.

Up to 6,000 K cool white light

Philips Ultinon 1000 Moto features a color temperature of up to 6000 K for great eye comfort to make driving in the dark a safer, more pleasant experience.

Electrical compatibility

Built-in IC driver to suit most 12V DC and AC moto bike electrical systems, making it a great choice for riders of almost any motorcycle.

Up to 1,500 hours' lifetime

"You want bright, stylish motorcycle headlights but you don't want to keep replacing failed lamps. That's a major weakness of conventional headlights; the more powerful the light, the shorter its lifespan. At a higher light-intensity level, LEDs last much longer, and Philips Ultinon 1000 Moto headlights are built to last. Thanks to their design, they last for up to 1,500 hours of operation."

Durability for today's riders

Philips Ultinon 1000 Moto bulbs are guaranteed EMI-compliant, conforming to automotive-industry standards on electromagnetic interference. Engineered to withstand the rigors of modern moto biking life, they offer the durability that today's riders demand.
