PHILIPS

On-ear wireless headphones

Lightweight on-ear headphone Natural sound. Dynamic Bass, Up to 25 hours play time, Clear calls

TAH2209BK/97

Highlights

Lightweight and comfy

These on-ear headphones are primed for everyday comfort. The cushioned headband is so light you'll barely feel it, and the soft ear cups can be angled so they feel just right. Each ear cup is padded with memory foam: the more you wear them, the more you'll love them.

Great sound. Dynamic Bass

You get great sound from the 32 mm drivers, and decent passive noise isolation from the on-ear fit. If you love a good bassline, activate Dynamic Bass via the multifunction button and

you can enjoy the full power of your favorite tunes even if you're listening quietly.

Up to 25 hours play time

With up to 25 hours of play time, these wireless headphones will see you through plenty of playlists. They recharge fully in just 2 hours via USB-C, and a quick 15-minute charge will give you enough power to keep the music playing for another hour.

Solid Bluetooth connection

Advanced Bluetooth connectivity gives you a more stable connection for seamless streaming, and you can connect to two Bluetooth devices (iOS or Android) at the same time. Enjoy that playlist or listen uninterrupted to your favorite podcast without annoying dips in the sound.

Clear calls

Your voice will come through clearly when you're on a call. A dedicated mic picks up the

sound of your voice while a noise-reduction algorithm quietsens some of the background noise from the world around you.

Compact-fold design

Bring them with you! With their stylish matte colorways and foldable design, theres nowhere you cant go with these on-ear wireless headphones. The ear cups fold flat and swivel inward, for easy storage in your pocket or bag.

Convenient multi-function button

A handy multi-function button on the right ear cup lets you manage calls or control playback and volume.

Philips sound signature

Music to podcasts, love what you hear! These wireless headphones feature large 32 mm drivers, tuned to the Philips sound signature. Whatever youre into, youll enjoy a warm, natural sound with deep bass.
