- Extra Beard Comb with Click-On Stubble Attachment

Built to last

- Maintenance-Free Blades: No Oiling Needed, Ever

Hairclipper series 7000

Washable hair clipper

HC7650/40

Highlights

28 length settings with Precision dial

Perfect for any haircut length, the Philips clipper includes 2 adjustable combs and an additional 2mm beard comb. Achieve precise cuts from 3mm to 28mm in 1mm increments. Use the 2mm stubble comb for a short haircut or to style your beard, or remove the comb for an ultra-close 0.5mm trim.

PowerAdapt sensor

An even haircut, personalized to you. The PowerAdapt sensor automatically adjusts the motor to match your unique hair density, providing precisely the right cutting power at any length.

Trim-and-Flow technology

Effortlessly achieve your perfect haircut. Our innovative comb is designed to prevent hair from getting stuck or tangled, ensuring a smooth cutting experience from start to finish.

DualCut Technology

Enjoy your desired look with precision. Philips DualCut technology features a double blade system designed to maintain day-one sharpness, consistently delivering equally sharp results every time.

DuraPower

A device you can always rely on for a great look. DuraPower technology protects the motor and battery from overworking, effectively extending the clipper's lifespan.

Zero maintenance

Experience clipping power that's easy to maintain — Philips' blades never need oiling.

Extra beard comb

It's all about the finishing touches. Trim your stubble or quickly touch up your hair with the additional 2mm beard comb included

Barber kit with storage case

A barbershop experience, right at home. The Philips Barber kit includes scissors and styling comb in a sturdy storage case for added convenience.

Turbo mode

Stay tangle-free with our cordless hair clippers—just one hour of charging gives you up to 90 minutes of powerful clipping time. Alternatively, keep it plugged in for uninterrupted trimming.

Hairclipper series 7000

Washable hair clipper

HC7650/40

Highlights

Corded & Cordless use

Won't get tangled up in your cordless hair clippers anymore. A single 8-hour charge offers up to 90 minutes of powerful clipping, or keep it plugged in for uninterrupted trimming.

100% washable

Keep your clipper clean effortlessly by rinsing it under the tap for quick and easy maintenance.

Comfortable grip

Philips clippers feature a textured grip for easy handling, ensuring you can cut your hair with control and comfort.

Self-sharpening stainless steel blades

Looking good has never been easier. Our hairclippers boast self-sharpening blades that are incredibly long-lasting, ensuring precision grooming from day one to year five and beyond.

2-year worldwide guarantee

A grooming product built to last: this device includes a 2-year warranty, requires no oiling, and is compatible with any voltage worldwide.
