## Highlights

### 400 length settings with Digital swipe

Achieve your perfect haircut with precision. Choose from over 400 lengths in 0.01mm increments to get the exact length you desire for your ideal look

### Auto Turbo

Experience a perfectly even haircut tailored to your unique hair. With Auto Turbo, the motor speed adjusts automatically to match your hair's thickness, ensuring a smooth, even, and effortless finish.

### Self-sharpening titanium blades

Looking good has never been easier with Philips. Our self-sharpening titanium blades are incredibly long-lasting, maintaining their sharpness from day one even after 5 years

### Memory function

Your perfect haircut, every time. The smart hair clipper's memory function remembers your 3 preferred length settings, saving you time and hassle while achieving your ideal look

### 3 adjustable hair combs

Achieve precise clipping with our 3 adjustable hair combs. Choose from over 400 hair lengths ranging from 1mm to 42mm, or use the clipper without a comb for a close 0.5mm trim.

### DualCut Technology

Attain your best look, exactly as you want it. DualCut technology features a double blade system designed to stay as sharp as day one, ensuring consistently sharp results.

### Motorized combs

Lock in your desired hair length with 0.1mm accuracy and effortlessly maintain it with Philips' motorized length setting system, designed for precision.

### Storage Pouch

Easily store your device with the premium hard case.
