Highlights

13 Length Settings with Effortless Slide Button

Customize your hair length precisely with ease. Choose from 12 settings between 1mm to 23mm in 2mm increments. For a closer trim, simply remove the comb for a precise 0.5mm cut.

Trim-and-Flow technology

Effortlessly achieve your perfect haircut. Our innovative comb is designed to prevent hair from getting stuck or tangled, ensuring a smooth cutting experience from start to finish.

DualCut Technology

Enjoy your desired look with precision. Philips DualCut technology features a double blade system designed to maintain day-one sharpness, consistently delivering equally sharp results every time.

DuraPower

A device you can always rely on for a great look. DuraPower technology protects the motor and battery from overworking, effectively extending the clipper's lifespan.

Zero maintenance

Experience clipping power that's easy to maintain — Philips' blades never need oiling.

Extra adjustable beard comb

More than just a haircut. Philips hairclippers come with an adjustable beard comb that offers up to 12 length settings, ranging from 1mm to 23mm. You can achieve the perfect beard length to complement your fresh haircut, ensuring you always look your best.

Cordless & corded use

Won't get tangled up in your cordless hair clippers anymore. A single 8-hour charge offers up to 45 minutes of powerful clipping, or keep it plugged in for uninterrupted trimming.

Washable blades

Effortlessly clean your electric hair clippers. Just click open the head to release and clean the blades
