Gentle yet effective brushing

Ultra-soft brush head for sensitive teeth and gums

The S2 Sensitive brush head is tailor-made for sensitive teeth and gums. The ultra-thin bristles provide an effective clean with a gentle brushing experience. 70% of the plastic used in this brush head is bio-based*

Easy to use

- Ready to connect with your Sonicare handle
- Always know when to replace your brush head

High performance

- Proven effectiveness with extra softness
- 70% bio-based plastic*

Designed for sensitive teeth and gums

- Removes 10x more plaque in hard-to-reach areas**
- Gentler on teeth and gums
- Up to 5x healthier gums in 6 weeks***

Highlights

Ultra-thin bristles

With the thinnest bristles of any Sonicare brush head (0.1 mm), the S2 Sensitive delivers a gentle yet effective brushing experience.

Uniquely soft design

With more than 3.000 ultra-thin bristles the brush head is uniquely designed to provide an extra soft, yet effective clean that removes 10x more plaque in hard-to-reach areas.**

Extra care for your gums

As you brush your teeth, the extra soft bristles will also gently brush your gum line, for improved gum health in just six weeks.

Uses bio-based plastic

We are working towards reducing the use of fossil-fuel based plastic in our products. That's why 70% of the plastic used in this brush head is bio-based.*

Trusted Sonicare brushing

Always achieve the highest cleaning performance with Philips Sonicare's advanced sonic technology. Through its extra-soft

bristles, the S2 Sensitive brush head is clinically proven to remove plaque effectively, while being gentle on your gums.

Replacement reminder

Brush heads become less effective after three months of use. With BrushSync you'll be reminded precisely when to replace your brush head, tailored to your brushing behavior.

Click-on design

This click-on brush head fits perfectly with your Philips Sonicare handle (check the list below). Its click-on design makes cleaning and replacing the head incredibly simple.
