Extended warranty

- Extend your warranty online to 3 years

Handles tough conditions easily

- Resistant to impacts, water and solvents (IP65/IK07)

Smart, ergonomic design

- Easily retrieve your device
- Smart rotatable hook with magnet and ergonomic body

See where others can't

- Long running time in different light modes
- Premium LED light with multiple outputs
- Reveals objects in their true colors (CRI95)
- Spot leaks with UV light

PHILIPS

Highlights

Multiple light modes

The premium, homogenous LED illuminates with 100% reliability, ideal for multiple uses. It helps you see clearly in dark environments, easily revealing discoloration and damaged components. The Philips Xperion 6000 UV Pillar is a top-quality, trustworthy light for all types of inspection and repair work.

Unique UV leak-detector

This premium work lamp comes with an additional UV light to help you easily spot leakages. Direct the UV light over any area to identify where leak repairs are necessary. The Philips Xperion 6000 UV Pillar has all your illumination needs covered.

Reveal colors accurately

The higher the Color Rendering Index (CRI), the easier it is to perform a quick and accurate inspection of car bodywork. You can inspect your paint, polish, clean, or prep zone as if you were working outdoors on a bright sunny day. Lamps with a low CRI value cause some colors to appear unnatural. Light sources with a CRI of 90 or above will let you easily and quickly spot color differences such as paint scratches.

Light modes for multiple needs

The Philips Xperion 6000 UV Pillar is designed to be ready for action. A single charge provides enough energy for a full day's work: up to 10 hours in Eco mode, 4,5 hours in Boost mode, and 12 hours with the torch beam. Powered by a powerful Li-ion battery, the Philips Xperion 6000 UV Pillar can be fully charged within 4,5

hours via USB-C, ensuring maximum usage of its bright LED light.

Enables hands-free working

Designed with you in mind, the ergonomically shaped handle with anti-slip coating allows you to hold this work light securely. If you need both hands free for work, position the light securely thanks to the 360° rotatable, retractable hook and a strong magnet. The power button is located on the back to ensure the light does not glare directly at your eyes when you turn it on.

"Find My Device" function

Don't worry about losing your device anymore. You can find it easily with the "Find My Device" function. Use the remote control to trigger an audible buzzer and flashing light to locate your device. The lime-green body will help you spot your device even in dark settings.

Specifications

Marketing specifications

- Product highlight: High CRI and UV leak-detector
- Expected benefits: Designed with you in mind

Product description

- Hands free options: Rotatable hook, strong magnet
- Hook: 360° rotatable
- Impact protection rating (IK): IK07
- Magnet: 2 magnets
- Materials & finishing: Robust ABS + Soft rubber
- Operating Temperature: -10°C to 40°C
- Range: Xperion 6000
- Technology: COB LED
- UV leak detector
- Ingress protection rating (IP): IP65
- Resistant to: Grease, oil, workshop solvents

Light characteristics

- Beam angle: 100 degree
- Color temperature: 6000 K
- Light output (pointer): 180 lumens
- Light output (eco): 250 lumens
- Beam angle (pointer): 15°
- Light output (boost): 500 lumens

Electrical characteristics

- Voltage: 3.7 V
- Power source: Rechargeable battery
- Battery capacity: 4400 mAh

- Battery run time (boost): Up to 4,5 hours
- Battery run time (eco): Up to 10 hours
- Battery type: Lithium battery
- Plug type: EU plug (not included for UK)
- Charging cable type: Type C USB
- Battery charging time: Up to 4.5 hours
- Wattage: 5W
- Battery run time (Pointer): Up to 12 hrs

Ordering information

- Order entry: X60UVPIX1
- Ordering code: 01471931

Packaging Data

- EAN1: 8719018014719
- EAN3: 8719018014726

Packed product information

- Length: 5.2 cm
- Height: 23 cm
- Pack Quantity / MOQ: 6
- Weight with batteries: 432 g
- Cable length: 100cm USB cable, 5V 1A adaptor

Outerpack information

- Length: 25 cm
- Width: 17 cm
- Height: 18 cm
