# Highlights

## Multiple light modes

The powerful Xperion 6000 Pocket offers bright and homogenous LED lamps. The main beam features a dual light mode of 150 lm in Eco and 300 lm in Boost. This handy pocket torch is also equipped with a super flexible 100 lm hose spotlight, which is perfect for getting around obstacles.

## Illuminate your work

The Philips Xperion 6000 Pocket is equipped with a powerful 25cm hose spotlight to light any angle. The narrow and compact design is extremely convenient to help you work in confined small spaces. Slip Philips Xperion 6000 Pocket into your pocket and use it for a wide range of needs.

## Designed for resistance

Designed to handle tough work environments with IK07 shock resistance, water-resistant to IP65 standards, and a surface to withstand chemicals and workshop solvents, the Philips Xperion 6000 Pocket is built to last because we know that even the steadiest hands need the extra support.

## Light modes for multiple needs

The Philips Xperion 6000 Pocket is designed to be ready for action. A single charge provides enough energy for a full day's work: up to 7 hours in Eco mode, 3,5 hours in Boost mode, and 10 hours with the torch beam of the hose. Powered by a powerful Li-ion battery, the Xperion 6000 Pocket can be fully charged within 3,5 hours via USB-C, ensuring maximum usage of its bright LED light.

## Enables hands-free working

Designed with you in mind, the ergonomically shaped handle with anti-slip coating allows you to hold this work light securely. If you need both hands free for work, position the light securely thanks to the 360° rotatable, retractable hook and a strong magnet. The power button is located on the back to ensure the light does not glare directly at your eyes when you turn it on.

## Up to 3 years warranty

Benefit from Philips standard 2-year warranty plus 1 additional year<sup>1</sup>

## Upgrade your work light

To keep your work light to hand and ready to use, try the Philips Dock station. Placed on a table, it provides cordless charging for your lamp.<sup>2</sup> Find out more: [Philips.com/Xperion-6000](https://philips.com/Xperion-6000)
