Close shave, advanced skin protection with SkinIQ Technology

The Philips Series 7000 glides smoothly over your skin, while cutting each hair close - even on 3 day beards. Equipped with advanced SkinIQ technology, the shaver senses, adapts and guides on the correct motion, for better skin protection.

A close shave

- Follows the contours of your face
- More cutting performance in every stroke
- Guides hair into the optimal cutting position

SkinIQ technology

- Guides you to an improved shaving technique
- Master your technique with the Philips GroomTribe app
- A shaver with the power to tame beards
- A shaver that reduces friction to minimise irritation

For a convenient shave

- Choose a convenient dry or refreshing wet shave
- Even up your moustache and sideburns
- Nose trimmer attachment
- Powerful cleaning pod for maintenance and hygiene
- 60 minutes of shaving from a 1 hour charge

Shaver series 7000

Wet and Dry electric shaver

S7782/53

Highlights

Protective SkinGlide coating

A protective coating lies between the shaver heads and your skin. Made of up to 2000 micro-tech beads per square millimetre, it reduces friction on skin by 25%*, to minimise irritation.

SteelPrecision blades

Powerful yet gentle, the 45 self-sharpening SteelPrecision blades on this Philips shaver complete up to 90,000 cutting actions per minute, cutting more hair per stroke** for a clean, comfortable finish.

Motion Control sensor

An electric shaver motion-sensing technology tracks how you shave and guides you to a more efficient technique. After just three shaves, the majority of men achieved a better shaving technique for fewer passes***.

Personalisation via app

Pair your Philips electric shaver to the GroomTribe app and prepare to master your technique. Just track your progress and personalise your routine to achieve a shave that's both close and kind.

Power Adapt sensor

The electric shaver has an intelligent facial-hair sensor that reads hair density 125 times per second. The technology auto-adapts cutting power for an effortless and gentle shave.

360 D Flexing heads

Designed to follow the contours of your face, this Philips electric shaver has fully flexible heads that turn 360° for a thorough and comfortable shave.

Hair-Guide precision heads

This new-shape precision shaver is enhanced with hair-guiding channels for optimal cutting and skin comfort.

Cable-free Quick Clean Pod

10 x more effective than cleaning with water****, the powerful cleaning pod thoroughly cleans and lubricates your shaver in just 1 minute. Using it helps maintain shaver performance and increase hygiene.

Shave wet or dry

A wet and dry shaver that adapts to your preference. Choose a convenient dry shave, or pair with your favourite foam or gel for a refreshing wet shave.

Pop-up trimmer

Refine and define your moustache and sideburns with the pop-up trimmer—and complete your look with ease.

Nose trimmer attachment

Experience the versatility of your shaver with the nose trimmer attachment. Simply click-on the attachment to trim unwanted nose and ear hair.

Shaver series 7000

Wet and Dry electric shaver

S7782/53

Highlights

60 minutes of cordless shaving

A shaver for at home or on-the-go. Get 60 minutes of shaving time from a 1 hour charge or plug it in for instant and continuous power.

Sustainable shaving innovation

At Philips, we drive sustainability in all aspects of product creation. With shaving blades produced using 100% renewable electricity and packaging made with recyclable materials, all shavers come with an Eco passport.
