Create a crisp and refreshing taste

Remove 110* harmful substances

With AquaShield filtration system, this filter can effectively remove 110* kinds of harmful materials and the rich strontium element is beneficial to human by separating out mineral elements.

AquaShield filtration system for healthy water

- 5 in 1 RO filter removes 110* kinds of harmful substances
- The rich strontium element is beneficial to human body
- The total capacity reaches 2000L*

Highlights

AquaShield filtration system

The AquaShield filtration system can effectively remove 110* kinds of harmful substances, providing you and your family clean and fresh water.

Rich strontium technology

The rich strontium technology can separate out elements that are beneficial and healthy to human body.

Long performance life

The total capacity reaches 2000L* and you just need to replace the filter element once a year.

Specifications

General specifications

net weight: 0.8 kg

gross weight: 1.1 kg

Packaging Dimension(L)*(W)*(H):

125*125*39 mm

Main parameters

Applicable water temperature: 5-38 °C

Capacity: 2000 L

Rated water flow: 0.2 l/min
