Highlights

4K LED with Pixel Precise Ultra HD

Zoom in. Lose yourself in the detail. This is precision that goes beyond the imaginable. With a Pixel Precise Ultra HD screen for sharpness and lifelike detail, it fills each moment with breathtaking experiences.

Dolby Atmos and DTS:X

With Dolby Atmos for sound just as the director intended and DTS:X to create 3D sound experiences, it's as if you're really there. Adding this extra dimension to sound brings a more immersive experience to your home.

Vocal Boost

Hear each word with precision. Vocal Boost enables the listener to turn the dialogue volume up or down without any effect on the background sound. You won't miss a single moment now that each spoken sentence comes across with greater clarity.

Philips Smart TV Titan OS

The Philips Smart TV Titan OS platform brings what you love to watch, and fast. From sequels to series and documentaries to drama, everything you want is there at the touch of a button. Whatever you're looking to watch, keep all the best streaming apps easily within your reach.

Matter Smart Home compatible

Matter Smart Home compatibility brings seamless integration to your existing smart home network and Far-Field mic. To control the TV from your Matter Smart Home app or with Alexa built in, simply push the button on your remote and speak. Dim the lights. Adjust your thermostat. Even turn on your Philips Ambilight TV. A single command does it all.

Built-in Far Field mic with Alexa

Voice your every command. Turn on your television as you enter the room. Speak to Alexa without needing your remote. With its built-in Far Field microphone and handsfree control, you can sit back, relax and enjoy all your favourite Smart TV content.

Ready for gaming

HDMI 2.0a and VRR help you get the best from your console, with faster gameplay and smoother graphics. With its low-input lag setting that cuts in automatically when you turn on your console, you're all set for the next level in gaming.

Data security

From smart phones to tablets and from laptops to smart speakers, protecting your personal information is crucial. Connecting to a Philips TV ensures that your confidential information is kept in a safe, secure place at all times. With SafeShark continuously testing and verifying your security, you can enjoy peace of mind knowing your cyber safety is our top priority.

European design

With carefully considered design comes an almost frameless screen, an edge stand and a remote made from recycled plastic. Quick, easy-to-find content thanks to Titan OS. And each tiny detail is carefully considered, right down to the recycled FSC-certified packaging and guide that comes with it.
