Perfect close shave and skin comfort with SkinIQ Technology

Philips i9000 delivers skin-level closeness with its Triple Action Lift & Cut system and 360° Flexing compact heads, even in hard-to-shave areas. AI-powered SkinIQ technology senses and adapts to your skin for ultimate comfort and precision.

Shaving performance

- Triple Action Lift&Cut System
- Precision, even in the hardest-to-shave areas
- Efficient in every pass, even on a 1, 3 or 7 day beard

Convenience

- Deep cleaning in 1 minute for hygienic shave
- Precision trimmer integrated
- Shave as you want: refreshing wet, dry or with foam
- One-touch open for easy cleaning
- Convenient charging

Premium experience

- 5 Years Warranty
- Effortless charging with convenient stand available to hand.
- Protects your shaver and accessories

Skin comfort (Skin IQ)

i9000

Wet & Dry Electric Shaver with SkinIQ

X9002/30

Highlights

Triple Action Lift & Cut System

Our patented Triple Action Lift & Cut shaving system lifts the hair gently from its root to cut it precisely up to 0.00mm skin-level, without cutting skin for long-lasting closeness.

360° Precision Flexing Head

Fully flexible and smaller compact heads with skin-stretching patterns dynamically adapt to every curve of your face. For constant skin contact with 20% more precision* to catch difficult hairs on the neck and under the nose. Precision everywhere.

Dual SteelPrecision Blades

Our 360° rotating Dual SteelPrecision blades catch hair growing in different directions. With up to 7 million cutting motions per minute, for an efficient shave even on a 1, 3 or 7 day beard.

Hydro SkinGlide Coating

Our most advanced skin protection delivers 50% smoother gliding on the skin** with the hydrophilic coating holding up to 500,000 microtech beads per square centimeter. For less friction and maximum comfort.

Power Adapt Sensor

The shaver's intelligent sensor reads hair density 500 times a second and auto-adapts the cutting power for an effortless and gentle shave, even on a dense beard.

Improve efficiency with our app

Pair your shaver with our app for an ever-better routine and technique. Experience real-time guidance and personalized shaving insights to help you look and feel your best every day.

5 Year Warranty

Our shavers are designed for care and a long life. Our battery and motor are designed to last up to 5 years. Self-sharpening blades are made with the space-grade level stainless steel, and last 2 years between replacement

Cable-free Quick Clean Pod

Our cleaning pod is 10 times more effective than water****, thoroughly cleaning and lubricating your shaver in one minute to keep your shaver like new. Compact and cable-free, the pod can be used and stored anywhere.

Charging Stand

Fully charge your shaver within 1 hour in the elegant stand. A stand created for both conveniently charging your device and neatly storing it away. In a hurry? Plug in you shaver for 5 minutes and get enough power for 1 full shave.

i9000

Wet & Dry Electric Shaver with SkinIQ

X9002/30

Highlights

Integrated precision trimmer

Skin-friendly and easy to use, give your mustache and sideburns extra definition with the integrated precision trimmer.

One-touch open

Clean your electric shaver with the touch of a button. Simply flip open the shaver head and rinse with water.

Travel Pouch

The i9000 Shaver comes neatly packed in a travel case, ideal for travel or keeping it safe when it's not in use.

Wet & Dry

Adapt your shaving routines to your needs. Our shaver is 100% waterproof so you can choose a comfortable dry shave, or a refreshing wet shave. You can shave with gel or foam even under the shower.

USB-A Charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimize the number of USB adaptors we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support

Sustainability

All our i9000 shavers are made with high-quality long-lasting component and recyclable packaging, while our blades are produced in a factory that uses 100% renewable energy.
