- Trimmer runs 4 weeks on a single charge*
- Water-resistant for convenient use and easy cleaning
- Always know when it's time to charge

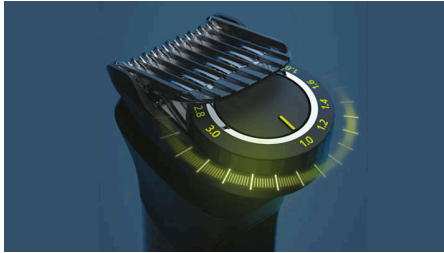

All-in-One Trimmer

Series 9000

MG9540/15

Highlights

Precision trimming comb

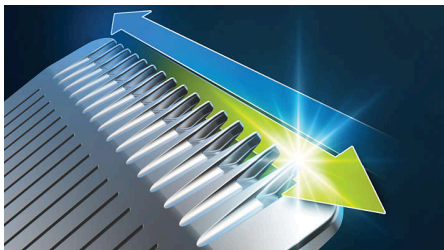

The patented trimming comb offers 11 length settings between 1–3 mm, so you can achieve an even trim at the exact length you want.

Unique OneBlade technology

Fast-moving cutter (6000 x per minute) powers through even the longest hair, with glide coating and rounded tips to protect your skin, so you can comfortably style and shave your beard. Clean up your cheeks, chin and neck to shape your beard precisely.

Self-sharpening steel blades

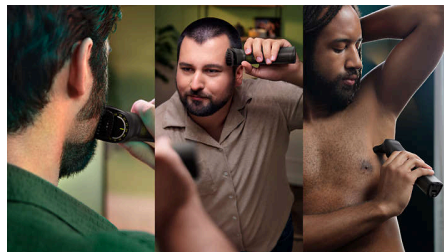

The trimmer's stainless steel blades remain as sharp as on day one for long-lasting performance. No oil required.

BeardSense technology

The trimmer scans the beard density 125 x per second and boosts power exactly when you need it to tackle dense, bushy or longer beards.

13-in-1 grooming set

This complete grooming set is composed in a way that perfectly complements your grooming routine: The durable trimmer is crafted to deliver a precise and powerful trim for facial, head and body hair, while OneBlade and its unique technology is ideal to style and shave any length of facial hair.

Precision beard styling (IVP w. detailer)

This grooming set with its multi-comb set offers 27 length settings from 0.2 to 20 mm in up to 0.2 mm precision steps for an even trim on shorter and longer beard styles. The narrow design of the precision trimmer attachment makes it ideal to style the small details around the mouth. For the perfect beard, edge your style

precisely with OneBlade. The dual-sided blade shaves in either direction and protects your skin while shaving your cheeks, chin or neck.

Comfortable body grooming

Shave comfortably below the neck with our body shaver attachment. A unique skin-protection system guards sensitive areas while you shave as close as 0.5 mm. You can also trim body hair with the two click-on combs.

Easy hair clipping

With the trimmer's multi-comb system you can choose length settings between 0.5–20 mm to create your hairstyle at home.

Eyebrow trimming

Easily keep your eyebrows neat and tidy with the dedicated eyebrow comb.

Highlights

Up to 120 minutes of runtime (IVP)

The trimmer's powerful lithium-ion battery provides up to 120 minutes of runtime with a 5 minutes quick-charge option for long life and maximum power. OneBlade runs for up to 30 minutes, so you have sufficient time to style and shave your beard.

100% showerproof (OneBlade incl.)

The grooming set is water resistant, so you can use it comfortably in the shower and clean it easily under the tap.

Battery indicator (incl. OneBlade)

The trimmer's battery indicator lets you know your battery status: low, empty, charging or full, so you never get caught with an empty battery in the middle of your trim.

Premium ergonomic design (OneBlade incl.)

The trimmer and OneBlade are easy to hold and manoeuvre with an ergonomic rubber grip for superior comfort and control.
